

The background of the cover is a photograph of a person standing on the peak of a rocky mountain. The person is seen from behind, wearing a light blue shirt and dark pants, and holding a briefcase. They are looking out over a vast, hazy landscape under a bright, low sun, creating a silhouette effect. The sky is a mix of orange, yellow, and blue.

that is rarely just because of technology. Between unrealistic expectations of what AI can do, isolated science projects turned into money pits, and employees looking for clarity on how AI influences their jobs, learning how to successfully introduce AI into your organization can be difficult. Getting it right on the second or third attempt is not an option. In order for your AI program to be successful, you need to be aware of all the facets involved, not just the technology—a daunting task. The AI Leadership Handbook prepares you to master the nine most important facets with ease. Andreas Welsch uses real-world knowledge and examples from interviews with over 60 leaders and experts in AI to help you both introduce and incorporate AI into your organization, from aligning it with your business strategy to turning new to AI employees into passionate multipliers to making sure humans stay at the center of your AI use. After reading this book, you will be able to confidently implement AI in your business, no matter your industry.

**IN THE AI LEADERSHIP HANDBOOK YOU WILL DISCOVER HOW TO**

Andrew Adams, 2023-01-17

This essential guide addresses the expanding, multifaceted role of college and university academic leaders. The new edition of the Resource Handbook for Academic Deans, one of the most important offerings to the academic community by the American Conference of Academic Deans, is written by and for academic leaders to address the expanding, multifaceted role of college and university administrators. Each chapter explores a topic related to how higher education leaders are influenced by national events, local partnerships, or on-campus collaborations. Among the topics covered are understanding educational policy at the national level, working with leaders from department heads to provosts, engaging with external partners, leading collaborative change at small colleges and universities, shifting toward student-centered campuses, making data-informed decisions, embracing diversity, equity, and inclusion, managing and balancing salaries, building effective leadership teams, and mentoring future leaders. Holding difficult conversations, returning to the faculty after leadership, providing helpful advice that can be studied in short chapters, and inspiring content based on personal experience—the forty-three authors in this volume hold positions from department chairs to presidents at four-year and community colleges across the country. Written during the COVID-19 pandemic and amid calls for greater diversity, equity, and inclusion in higher education, each chapter offers perceptive insights from experienced leaders who serve a broad range of institutional types.
