Space Division. Flight Operations Support, United States. National Aeronautics and Space Administration, 1978 **NASA SPACE SHUTTLE OWNERS' WORKSHOP MANUAL** DAVID. BAKER, 2025 **Space Shuttle Technical Manual** Rockwell International. Space Division. Flight Operations Support, 1981 *Scientific and Technical Aerospace Reports*, 1995 **The Development of Propulsion Technology for U.S. Space-Launch Vehicles, 1926-1991** J. D. Hunley, 2013-03-15 In this definitive study J D Hunley traces the program's development from Goddard's early rockets and the German V 2 missile through the Titan IVA and the Space Shuttle with a focus on space launch vehicles Since these rockets often evolved from early missiles he pays considerable attention to missile

technology not as an end in itself but as a contributor to launch vehicle technology Focusing especially on the engineering culture of the program Hunley communicates this very human side of technological development by means of anecdotes character sketches and case studies of problems faced by rocket engineers He shows how such a highly adaptive approach enabled the evolution of a hugely complicated technology that was impressive but decidedly not rocket science Unique in its single volume coverage of the evolution of launch vehicle technology from 1926 to 1991 this meticulously researched work will inform scholars and engineers interested in the history of technology and innovation as well as those specializing in the history of space flight The United States Government Manual 2009-2010 ,2009-10-30 The United States Government Manual 2009 2010 provides comprehensive information on the agencies of the legislative judicial and executive branches As well as quasi official agencies international organisations in which the United States participates boards commissions and committees Each agency s description consists of a list of principal officials a summary statement of the agency s purpose and role in the Federal Government a brief history of the agency including its legislative or executive authority and a description of consumer activities contracts and grants employment and publications
