When linked to other social media channels such as Pinterest, for example, it can be a useful promotional tool for your book. Likewise, we explain how social cataloging websites like Shelfari, with its book clubs and forums, and Goodreads, which allows users to rate and review books, can help you and your book to reach its intended market.

*Theory* Annika Elstermann, 2022-12-27 The aim at the core of this book is a synthesis of increasingly popular and culturally significant forms of digital literature on the one hand and established literary and critical theory on the other, reading digital texts through the lens of canonical theory but also reading this more traditional theory through the lens of digital texts and related media. Using examples from social

media to video games and works particularly by postmodern and poststructuralist theorists Digital Literature and Critical Theory contextualises digital forms among their analogue precursors and traces ongoing social developments which find expression in these cultural phenomena including power dynamics between authors and readers the individual in post modernity consumerism and the potential for intersubjective exchange Chapter 1 and Chapter 3 of this book are freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license
