Re-Envisioning Transformation David C. Scott, 2018-09-14 In today's church use of the term transformation has become commonplace. Various perspectives are offered on what a Christian view of transformation is and on how it may be achieved. These often conflicting views suggest an ecclesial landscape characterized by pluralism, division, fragmentation, confusion, relativism, individualism, pragmatism, and subjectivism. Despite the current interest in transformational theology, the absence of a common, coherent, and integrated vision and the lack of transformation is often accepted and affirmed. Re-Envisioning Transformation looks at the possibility of moving toward a vision of transformational theology that is cohesive, unified, broad, effectual, and distinctly Christian. In this book, the contributions of two radically different theologians of the Christian life are examined. This provides the basis from which to develop a comprehensive and integrated framework of transformational theology, pointing God's people toward the need to express and live out a distinctly Christian vision.

The Essential Commandment Greg Ogden, 2011-09-13 Is it really possible to live out the Great Commandment? In this practical, in-depth handbook, which follows the format of his bestselling *Discipleship Essentials*, Greg Ogden draws from his years of pastoral experience, training, and discipling others to help us be changed by Christ into people who love God and others with all that we are.
