Szczepan Kościółek,2023-10-10 This is the first book to focus on crowdfunding in sport Crowdfunding is an important new financial instrument that is becoming more popular with sports organisations and this book examines the research evidence for crowdfunding and considers how it might be successfully implemented Presenting international cases and data including from European football the book explains how crowdfunding campaigns have to be fully integrated with strategic marketing plans and require a solid understanding of the needs and motivations of potential investors consumers and fans The book sets out a theoretical framework for applying strategic marketing in the context of crowdfunding in sports clubs introduces the key characteristics of the sports crowdfunding market and funders behaviours in the crowdfunding campaigns of sports clubs examines the market segments of the campaigns funders and presents recommendations for developing marketing mix programs to target them This is important reading for any researcher advanced student or practitioner with an interest in sport business sport marketing sport finance consumer behaviour in sport or entrepreneurship innovation or technology in sport The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license **Global Perspectives on Soccer and the Media and Entertainment Industry**

Endong, Floribert Patrick C.,2024-12-02 Soccer has increasingly become a political tool worldwide reflecting and influencing ideologies identities and movements despite claims of being apolitical by bodies like FIFA Historic and recent examples such as fascist propaganda in the 1930s and the LGBTQ protests during the 2022 World Cup highlight its political impact The sport also fuels cultural production inspiring media music and artistic works that engage with its socio political dimensions However the intersection between soccer s political influence and its representation in arts and media remains unexplored prompting a closer examination of this dynamic Global Perspectives on Soccer and the Media and Entertainment Industry provides different perspectives on the interactions between political soccer and global media and entertainment industries These perspectives are historical religious socio cultural and political among others Covering topics such as international politics social media and visually impaired players this book is an

excellent resource for media practitioners policymakers international relations experts politicians academicians researchers and more

Communication and Sport Michael L. Butterworth, 2021-07-19 Sport is a universal feature of global popular culture. It shapes our identities, affects our relationships and defines our communities. It also influences our consumption habits, represents our cultures and dramatizes our politics. In other words, sport is among the most prominent vehicles for communication available in daily life. Nevertheless, only recently has it begun to receive robust attention in the discipline of communication studies. The handbook of Communication and Sport attends to the recent and rapid growth of scholarship in communication and media studies that features sport as a central site of inquiry. The book attempts to capture a full range of methods, theories and topics that have come to define the subfield of communication and sport or sports communication. It does so by emphasizing four primary features. First, it foregrounds communication as central to the study of sport. This emphasis helps to distinguish the book from collections in related disciplines such as sociology and also points readers beyond media as the primary or only context for understanding the relationship between communication and sport. Thus, in addition to studies of media effects, mediatization, media framing and more, readers will also engage with studies in interpersonal, intercultural, organizational and rhetorical communication. Second, the handbook presents an array of methods, theories and topics in the effort to chart a comprehensive landscape of communication and sport scholarship. Thus, readers will benefit from empirical, interpretive and critical work, and they will also see studies drawing on varied texts and sites of inquiry. Third, the handbook of Communication and Sport includes a broad range of scholars from around the world. It is therefore neither European nor North American in its primary focus. In addition, the book includes contributors from commonly under-represented regions in Asia, Africa and South America. Fourth, the handbook aims to account for both historical trajectories and contemporary areas of interest. In this way, it covers the central topics, debates and perspectives from the past and also suggests continued and emerging pathways for the future. Collectively, the handbook of Communication and Sport aspires to provide scholars and students in communication and media studies with the most comprehensive assessment of the field available.

Net Gains: Running a Badminton Club Phil Locke, Welcome to Net Gains Running a Badminton Club, your comprehensive guide to building and sustaining a thriving badminton community.
