Tau Zero Poul Anderson, 2006 Fifty men and women set out in the twenty third century from Earth aboard an interstellar craft to travel to a planet some thirty light years away The ship will approach the speed of light and so as Einstein predicted subjective time on board will slow and so the journey of several decades will be of much shorter duration for the crew But the ship's deceleration system is irreparably damaged when it hits a cloud of interstellar dust and acceleration continues toward light speed tau zero Soon the ship is speeding through galaxies and eons are passing on board the ship in the blink of an eye

Vycislitel'nye seti kommutacii paketov ,1989 **Tau Zero** Poul Anderson, 2010-12-30 The epic voyage of the spacecraft Leonora Christine will take her and her fifty strong crew to a planet some thirty light years distant But because the ship will accelerate to close to the speed of light for those on board subjective time will slow and the journey will be of only a few years duration Then a buffeting by an interstellar dustcloud changes everything The ship's deceleration system is damaged irreparably and soon she is gaining velocity When she attains light speed tau zero itself the disparity between ship time and external time becomes almost impossibly great Eons and galaxies hurtle by and the crew of the Leonora Christine speeds into the unknown Forensic Chemistry Michael Grossman, 2021-12-20 FORENSIC CHEMISTRY FUNDAMENTALS strives to

Isaac's Universe Martin Harry Greenberg, 1991 **The Diplomacy Guild** Martin Harry Greenberg, 1990 Vault of the Ages Poul Anderson, 2015-11-24 This classic from science fiction's Golden Age envisions a primitive future where only the forbidden technology of the past can save an endangered tribe from violent extinction Five centuries into the future America

is no longer what it used to be Many generations after the old civilization was consumed in a nuclear firestorm the few survivors have returned to a simple agrarian lifestyle and eschew the malevolent magic of science that brought about the Doom When the Dalesmen of the Alleghenies are threatened by the hostile Lann descending from the North their chieftain's son Carl is dispatched to the blasted ruins of an ancient city to trade for metal and weapons However something extraordinary awaits him in this feared and forbidden place a time capsule from the twentieth century containing the essential scientific and technological information of a lost society Carl knows his discovery can help rescue the Dalesmen's homes and farms But the law is unbending in this age of superstition and if the chieftain's son returns this forbidden knowledge to his people the tribal Doctors will surely put him to death One of Poul Anderson's earliest science fiction masterworks Vault of the Ages is at once a riveting tale of adventure and a deeply human story of duty and destiny offering a stunning vision of an all too possible future
