The Non-Technical Founder Josh MacDonald, 2018-04-03 Everyone has an idea that they think is the next big thing The problem is it's probably an app or software idea and most people probably don't know how to code and their record for managing programmers is little to none Even if they do know how to code they're not quite sure how to get their first one thousand customers The Non Technical Founder walks readers through the stages of validating whether their next big thing is good bringing the idea to life and getting those first customers Film Authorship in Contemporary Transmedia Culture

Wikanda Promkhuntong, 2025-10-01 Film Authorship in Contemporary Transmedia Culture The Paratextual Lives of Asian Auteurs examines film authorship in the transmedia era whereby film directors have become public figures through a wide range of textual material and performative practices The book draws on the notion of paratext and its related term palimpsest to bring forth the idea of self reflexive authorship as a method of examining the mediated past present and afterlife of East Asian filmmakers The first part of the book pays attention to materials surrounding film festivals multi platform distribution and cinephile fan creative practices which have been created rewritten and shared to foster and problematize the reputations of selected filmmakers The second part examines alternative modes of self projections and creative productions that address the filmmakers sense of selves and relations with the industry and the public Across different chapters discourses surrounding film authorship and East Asian cinema are revisited and expanded to highlight its multiple histories and possible futures **Social Computing and Social Media** Adela Coman, Simona

Vasilache, 2024-05-31 This book constitutes the refereed proceedings of the 16th International Conference on Social Computing and Social Media SCSM 2024 held as part of the 26th HCI International Conference HCII 2024 which took place in Washington DC USA during June 29 July 4 2024 The total of 1271 papers and 309 posters included in the HCII 2024 proceedings was carefully reviewed and selected from 5108 submissions The SCSM 2024 proceedings were organized in the following topical sections Part I Designing developing and evaluating social media user experience and user behavior in social media AI and language models in social media Part II Social media in learning education and culture social media in business and ecommerce Part III Computer mediated communication social media for community society and democracy

The Primer of Principles, the Organic Maxims of All Systems of Procedure William Taylor Hughes, 1931 Rise of the Far Right Melody Devries, Judith Bessant, Rob Watts, 2021-07-29 After decades on the social and political margins far right groups and movements are enjoying increasing success and even claiming a place in mainstream electoral politics in many Western political systems Research shows that new media like Twitter YouTube and community sites like 4chan and Reddit are increasingly involved with the mobilization of popular support for far right electoral campaigns and even organized political violence These technologies including other social media discussion websites certain online games chat servers talk radio cable news and print media are making contemporary far right ideologies possible in diverse ways altering methods of

recruitment to the extent that they become unrecognizable from far right movements of the past and thus more dangerous. The results of these new technological processes can be seen in the increasing normalization of far right values within mainstream culture, politics and media ecosystems within countries from the United States, Britain, Australia, Germany and Hungary. This book brings together recent academic research exploring how far right groups use new media to recruit followers to extremist beliefs and mobilize political action. In doing so, the book reveals the complex ways that evolving technologies are used both purposively, subtly and in some cases incidentally to recruit and mobilize far right support.

Understanding Reddit Elliot T. Panek, 2021-12-24 This book offers a comprehensive scholarly overview of Reddit, one of the most popular and least studied social platforms of the early 21st century. The book inspires new ways of thinking about Reddit, considering it from multiple perspectives through a historical lens as a site where identity is forged, as a democracy, as a community and as a news aggregator and distributor. By bringing theories from computer-mediated communication, communication studies and sociology to bear on original large-scale observational analyses of Reddit's communities, this book provides a uniquely comprehensive overview of the platform's first 15 years. *Understanding Reddit* will help us make sense of how rapidly growing communities function in an era of mass online anonymity. Serving both as a primer on how social behavior on Reddit plays out and as a way of locating it within multiple theoretical traditions, the book will offer important insights to scholars and students in the disciplines of communication, media studies, information science, internet and emerging media studies and sociology. Technologies for Energy, Agriculture, and Healthcare Shailesh R.

Nikam, Makarand G. Kulkarni, Vaibhav S. Narwane, Ninad D. Mehendale, Nilkamal P. More, 2025-02-14 Energy, Agriculture and Healthcare are key areas which address the development of the nation. Technology related to automation, computing, data analysis, sensor, AI, ML and IoT drives growth in these sectors. The conference provided a single and integrated platform for researchers working in these areas with a focus on the use of IT tools. It specifically focused on research in energy, agriculture and healthcare. It was organized in hybrid mode which encouraged researchers all over the world to participate and interact with peer researchers. *The Routledge Handbook of Linguistic Prescriptivism* Joan C. Beal, Morana

Lukač, Robin Straaijer, 2023-05-05 This Handbook provides a comprehensive and cutting-edge overview of the field of linguistic prescriptivism. Mapping the current status quo of the field and marking its two-decade transformation into a serious field of study within linguistics, this volume addresses both the value and the methods of studying prescriptivism. It covers theoretical and methodological approaches from historical to experimental approaches and including corpus-based methods and attitudes research. Contexts in which prescriptive efforts can be both observed and studied including education, technology, the media, language planning and policies and everyday grassroots practices. Geographical contexts of prescriptivism featuring chapters on inner and outer circle Englishes, English as a Lingua Franca as well as prescriptivism in the context of other world languages including minority and endangered languages. With contributions from an international

line up of leading and rising star scholars in the field The Routledge Handbook of Linguistic Prescriptivism marks the evolution of linguistics as a fully self aware discipline and will be an indispensable guide for students and researchers in this area

Gaming Democracy Adrienne L. Massanari, 2024-10-29 How play and gaming culture have mainstreamed far right ideology through social media platforms From Gamergate to the ongoing Big Lie the far right has gone mainstream In Gaming Democracy Adrienne Massanari tracks the flames of toxicity found in the far right and alt right movements as they increasingly take up oxygen in American and global society In this pathbreaking contribution to the fields of internet studies game studies and gender studies Massanari argues that Silicon Valley's emphasis on meritocracy and free speech absolutism has driven this rightward slide These ideologies have been coded into social media spaces that implicitly silence marginalized communities and subject them to rampant abuse by groups that have learned to game the ecology of platforms algorithms and attention economies While populist movements are not new phenomena such as QAnon parental rights activism and COVID denialism are uniquely of the internet with supporters demonstrating both technical acumen and an ability to use memes and play as a way of both building community and fomenting dissent Massanari explores the ways that the far right uses memetic humor and geek masculinity as tools both to create a sense of community within these leaderless groups and to obfuscate their intentions Using the lens of play and game studies as well as the concept of metagaming Gaming Democracy is a novel contribution to our understanding of online platforms and far right political activism

Network Propaganda Yochai Benkler, Rob Faris, Harold Roberts, 2018 This is an open access title available under the terms of a CC BY NC ND 4.0 International licence It is free to read at Oxford Scholarship Online and offered as a free PDF download from OUP and selected open access locations Is social media destroying democracy Are Russian propaganda or Fake news entrepreneurs on Facebook undermining our sense of a shared reality A conventional wisdom has emerged since the election of Donald Trump in 2016 that new technologies and their manipulation by foreign actors played a decisive role in his victory and are responsible for the sense of a post truth moment in which disinformation and propaganda thrives Network Propaganda challenges that received wisdom through the most comprehensive study yet published on media coverage of American presidential politics from the start of the election cycle in April 2015 to the one year anniversary of the Trump presidency Analysing millions of news stories together with Twitter and Facebook shares broadcast television and YouTube the book provides a comprehensive overview of the architecture of contemporary American political communications Through data analysis and detailed qualitative case studies of coverage of immigration Clinton scandals and the Trump Russia investigation the book finds that the right wing media ecosystem operates fundamentally differently than the rest of the media environment The authors argue that longstanding institutional political and cultural patterns in American politics interacted with technological change since the 1970s to create a propaganda feedback loop in American conservative media This dynamic has marginalized centre right media and politicians radicalized the right wing ecosystem and rendered it susceptible

to propaganda efforts foreign and domestic For readers outside the United States the book offers a new perspective and methods for diagnosing the sources of and potential solutions for the perceived global crisis of democratic politics
