Topic 10: Technology, innovation, business models and sustainability		Learning objectives	Assessment
Understanding innovation	Definition: "Innovation is the process of developing new products, services, or business models that create value for customers and are commercially viable." Types of innovation: - Product innovation: Developing new products or services. - Process innovation: Developing new methods of production or delivery. - Business model innovation: Developing new ways of creating, delivering, and capturing value.	1. Explain the definition of innovation and its importance for business success. 2. Identify the different types of innovation and provide examples for each.	Written exam Case study analysis Group presentation
Technology and innovation	Impact of technology on innovation: Technology plays a crucial role in driving innovation by enabling new products, services, and business models to be developed and delivered more efficiently and effectively. Examples of technology-driven innovation: - Artificial intelligence (AI) and machine learning (ML) for product development and customer personalization. - Cloud computing for scalable and flexible business models. - Blockchain for secure and transparent transactions.	3. Analyze the impact of technology on innovation and provide examples. 4. Discuss the challenges and opportunities associated with technology-driven innovation.	Written exam Case study analysis Group presentation
Business models and innovation	Definition: "A business model is a plan or blueprint for how a company will create, deliver, and capture value from its customers." Types of business models: - Product-based: Selling physical products. - Service-based: Providing intangible services. - Subscription: Charging customers a recurring fee for access to a product or service. - Freemium: Offering a basic service for free and charging for premium features.	5. Explain the concept of a business model and its importance for business success. 6. Identify the different types of business models and provide examples for each.	Written exam Case study analysis Group presentation

Explain the components of the business case		
Investment Case Investment case is a business case that justifies the investment in a project or program. It is a document that describes the benefits of the investment and the costs of the investment. It is used to help decision makers understand the value of the investment and to make a decision on whether to invest or not. Investment case is a business case that justifies the investment in a project or program. It is a document that describes the benefits of the investment and the costs of the investment. It is used to help decision makers understand the value of the investment and to make a decision on whether to invest or not.	Business Case Business case is a document that describes the benefits of the investment and the costs of the investment. It is used to help decision makers understand the value of the investment and to make a decision on whether to invest or not. Business case is a document that describes the benefits of the investment and the costs of the investment. It is used to help decision makers understand the value of the investment and to make a decision on whether to invest or not.	(1) Business case is a document that describes the benefits of the investment and the costs of the investment. It is used to help decision makers understand the value of the investment and to make a decision on whether to invest or not. (2) Business case is a document that describes the benefits of the investment and the costs of the investment. It is used to help decision makers understand the value of the investment and to make a decision on whether to invest or not. (3) Business case is a document that describes the benefits of the investment and the costs of the investment. It is used to help decision makers understand the value of the investment and to make a decision on whether to invest or not.

The screenshot shows a presentation slide with a title bar at the top that reads "Klausur zur Vorlesung 'Einführung in die Wirtschaftsinformatik'".
