Understanding Media Policy in the 21st Century: Affirmation, Challenge, Re-Constitution Seamus Simpson, Manuel Puppis, Hilde Van den Bulck, 2025-10-27

Media policy plays a central role in shaping the evolution of the structure and functioning of media systems. In understanding the opportunities and problems arising from the functioning of and innovation within the media sector, media policy makers now face some of the greatest challenges in the history of mass and personal communication. This challenge mirrors the one faced by scholars of media policy themselves. Academic research on media policy matters reflects the complex, nuanced, controversial and contested character of human communication. It is a dynamic and varied field constantly in search of refined and new ways of determining causal relationships characterizing complex phenomena and providing solutions to deliver better understandings of fast evolving communications environments.
