**"The" Case for the UFO** M. K. Jessup, 1973      **The Case for the UFO: Unidentified Flying Objects** Morris Jessup, 2015-10-16 This is the 2016 Edition of the classic book that brought the legend of the Philadelphia Experiment into the public sphere and created saucer controversy for decades The Case For the UFO Why has this book been suppressed for so many years It is a well reasoned review of the UFO record by an eminent astronomer mathematician and archaeologist Dr M K Jessup His conclusions are breathtaking and incredible but inescapable This special reprint edition features not only the familiar introduction by Frank Edwards but also the lost introduction by noted zoologist Ivan T Sanderson as well as cover design based on publisher Gray Barker's original concept Description from the dust jacket Flying saucers are not new For thousands of years men have seen mysterious objects in the skies Now a prominent scientist proves that unidentified flying objects originate here on Earth If you have ever wondered about the things today's scientists do not will not or cannot explain this book is for you Such questions might be What is the hidden meaning of the comet's tail What caused the Devil's Footprints of Devonshire Why are we wrong to think of space flight only in terms of rocket power How was a soldier teleported from the Philippine Islands to Mexico City within one hour What force lifted 1200 ton stones in ancient Peru How is acceleration achieved by UFOs What caused the disappearance of the crews of the SS Sea Bird and the Marie Celeste Was the secret of space flight known 50 000 years ago What is the strange truth hidden in the ancient ruins of Baalbek And finally and most importantly Are the UFOs friend or foe This original edition of The Case For the UFO does NOT include the scrawled annotations of the infamous Carlos Allende who may or may not have tormented Jessup into committing suicide You will find this version much easier to read than the Varo Edition and probably much more meaningful      **The Case for the UFO, Unidentified Flying Objects** Morris K.
