The Norton Introduction To Literature Shorter Tenth Edition:

Publications of the Modern Language Association of America , Norton Introduction to Literature, Shorter 10th Ed Alison Booth,2010 **The Short Story Anthology and Women's Writing** Aleix Tura Vecino,2025-08-14

Hundreds of anthologies of women s short stories have appeared in the literary market between the 1970s and now This publishing and cultural phenomenon is considered for the first time in this book which argues that during this period anthologies have become a literary technology used not only to make visible female short story writers but also to think about and mould ideas of womanhood Through creative and contextualised readings of the most important anthologies produced in this period this study shows that this literary form has contributed to and in some cases pioneered key developments in gender theory and feminist thought including questions of political combination among women which underlie contemporary global movements such as MeToo In doing so the book also develops the first book length conceptualisation of the features and meaning making mechanisms of the short story anthology as a literary form This book will benefit academics and students working in the fields of short fiction publishing and women s studies as well as feminist scholars and a growing number of specialists interested in the anthology as a literary form worldwide **Everyday Magic** Laurie Ricou,2011-11-01

Child language is a subject in which everyone is an expert All parents study their children s language carefully if undeliberately and every family has its precious memories of the unique verbal improvisations of childhood For writers who continually struggle with and revel in the mysteries of language the language of children holds a special attraction Everyday Magic looks at the way Canadian writers have written through as distinct from for or about children at the ways they have used child language and children s models of perception to achieve various literary effects It describes how texts might be shaped by child usage and speculates that adult artists often find themselves surprised and informed by the child language they seek to create Ricou examines how the distinctive features of child language described by psycholinguists intersect with the written languages used by writers to suggest not only a child language but also the way a child sees and organizes an understanding of the world The book s subtitle putting the term child language into the plural points out that not one but many written interpretations of the child s perspectives are possible In order to emphasize this plurality and indicate that there are any number of child languages the author has organized his study as a series of closely related essays Each chapter considers the work of a Canadian author or authors with the book as a whole moving from the more conventional writers to those who step outside the bounds of convention Ricou proposes analogies with Wordsworth and Dylan Thomas Proust and Dickens but he finds his principal subject in the inherent interest of for example the Piagetian scheme that W O Mitchell seems to adopt in Who Has Seen the Wind the obsessions with similes in Ernest Buckler the variations on the Bildungsroman in Margaret Laurence and Alice Munro and the persistent experiments with presymbolic language in bill bissett For these and other writers such as Clark Blaise Emily Carr Dennis Lee Dorothy Livesay P K Page James Reaney and Miriam

Waddington Ricou illuminates the particular literary languages appropriate to each author's subject. The result is a fascinating and unique approach to Canadian literature. [REDACTED] 2013 [REDACTED] [REDACTED], 2013-08-01 7

2013 **Paperbound Books in Print**, 1991 **Hanging Out** Sheila Liming, 2023-01-24 Hide your phone stop hustling for a second and read this passionate argument for the importance of unstructured pre-digital hang. People Loneliness is an epidemic it feels harder than ever to connect with others meaningfully. What can we do to remedy this? Sheila Liming has the answer we need to hang out more. With the introduction of AI and constant Zoom meetings our lives have become more fractured, digital and chaotic. **Hanging Out: The Radical Power of Killing Time** shows us what we have lost to the frenetic pace of digital life and how to get it back. Combining personal narrative with pungent analyses of books, movies and TV shows, Sheila Liming shows us how the new social landscape deadens our connections with others, connections that are vital to both self-care and to a vibrant community. Whether drinking with strangers in a distant city or jamming with musician friends in an abandoned Pittsburgh row house, Liming demonstrates that unstructured social time is the key to a freer, happier sense of self. **Hanging Out** shows how simple acts of casual connection are the glue that binds us together and how community is the antidote to the disconnection and isolation that dominates contemporary life. The book conceives of hanging out as a way to reclaim time as something other than a raw ingredient to be converted into productivity. *New York Times* Rich with illuminating stories. *Slate* We could all use more of that blissfully unstructured social time. posits Sheila Liming in the well-considered series of arguments found in **Hanging Out**. *Reader's Digest* Opens with a simple and expansive account of what hanging out is. Liming dedicates much of the book to stories from her past. She has lived an interesting life and she tells these stories well. *Washington Post* Sharp and vivid writing, a layered exploration of social dynamics that contains some textured literary criticism. *Bookforum* More books about hanging out, less about productivity, please. Sheila Liming sees the gap in our thinking about time and the true worth in spending it in an unstructured fashion with members of our community. *LitHub*

South Atlantic Review, 1998 **The Culture and Commerce of the American Short Story** Andrew Levy, 1993-09-24 **The Culture and Commerce of the Short Story** is a cultural and historical account of the birth and development of the American short story from the time of Poe. It describes how America, through political movements, changes in education, magazine editorial policy and the work of certain individuals, built the short story as an image of itself and continues to use the genre as a locale within the realm of art where American political ideals can be rehearsed, debated and turned into literary forms. While the focus of this book is cultural, individual authors such as Edgar Allan Poe and Edith Wharton are examined as representative of the phenomenon. As part of its project, this book also contains a history of creative writing and the workshop dating back a century. Andrew Levy makes a strong case for the centrality of the short story as a form of art in American life and provides an explanation for the genre's resurgence and ongoing success. *Richard Wright* Keneth Kinnamon, 2014-11-04 African American writer Richard Wright 1908-1960 was celebrated during the early 1940s for

his searing autobiography *Black Boy* and fiction *Native Son*. By 1947 he felt so unwelcome in his homeland that he exiled himself and his family in Paris. But his writings changed American culture forever and today they are mainstays of literature and composition classes. He and his works are also the subjects of numerous critical essays and commentaries by contemporary writers. This volume presents a comprehensive annotated bibliography of those essays, books, and articles from 1983 through 2003. Arranged alphabetically by author, within years are some 8,320 entries ranging from unpublished dissertations to book-length studies of African American literature and literary criticism. Also included as an appendix are addenda to the author's earlier bibliography covering the years from 1934 through 1982. This is the exhaustive reference for serious students of Richard Wright and his critics.
