The Book Review Digest, 2007 *Thinking Modally* Elena

Domínguez, CARMEN MAÍZ, Juan Rafael Zamorano-Mansilla, 2015-10-28 This volume brings together a selection of the papers presented at the 4th International Conference on Modality in English held in Madrid on 9-11 September 2010. The book is divided into two parts with the first encompassing contributions focusing on the notions of modality, evidentiality and temporality and the second those that explore modality and its connection with stance and evaluation in specific genres and discourse domains. Reconceptualizing Curriculum, Literacy, and Learning for School-Age Mothers Heidi Hallman, Abigail Kindelsperger, 2018-10-09 *Reconceptualizing Curriculum, Literacy and Learning for School Age Mothers* offers a portrait of classroom literacy practices and learning opportunities that are provided for school age mothers in two different schools. Through a series of case studies of school sites, teachers and students, this book presents evidence of how these at-risk students use literacy in complex ways in the classroom and in their everyday lives. Attuned to the struggle for school age mothers' access to meaningful and challenging curriculum in public schools as well as to the relative dearth of scholarly research on the topic, this volume demonstrates how educators can rethink the issue of schooling for this population of students. *Serving Teen Parents* Ellin Klor, Sarah Nordhausen, 2011-09-12 A comprehensive guide to working with teen parents and their children that provides practical program ideas for successful school and public library program development, implementation and evaluation. Teen parents and their children represent an underserved, high-need population in many communities. Libraries have the potential to significantly influence the quality of life for teen parent families by providing free access to information and resources, developing specific programs and serving as a safe public learning environment. *Serving Teen Parents: From Literacy to Life Skills* helps library staff support teen parents as their children's first teachers, positively affecting two generations at once. The authors explain how to successfully communicate with this group and build upon their competencies and strengths. They offer best practices, professional anecdotes and step-by-step direction on connecting with teen parents, collaborating with community partners, locating funding options and implementing successful programs. This invaluable guide is the most comprehensive resource currently available that directly addresses the needs of librarians serving the teen parent demographic. **Skateboarding and the City** Iain Borden, 2019-02-21 Presents the only complete history of skateboarding, exploring the story of skate subculture from the surf beaches of 60s California to the latest developments in street skating today.
