Fucking Apostrophes Simon Griffin, 2016-11-03 At last a book that tells you exactly where to stick your apostrophe funny and useful the perfect stocking filler David Marsh Guardian Apostrophes are a pain The rules about how to use them are complicated and have evolved haphazardly Originally written as advice by a copywriter for designers wont to insert and remove apostrophes at will for visual effect this is a light hearted pocket sized guide to getting the things right Simon Griffin lets off steam so that we don t have to showing precisely why Rhianna and Jennifer s photos were all over the internet is quite different to Rhianna s and Jennifer s photos or what words apostrophes are replacing in sentences such as He d like you to buy him some cocaine or They ve got it all on camera Elegantly produced this is the perfect gift for any pedant as well as an indispensable guide in all our moments of grammar related frustration

The Bible for Grown-Ups Simon Loveday, 2016-08-04 Loveday s case is that the mantle of historical truth and divine authority has placed upon the Bible an intolerable weight crushing it as a creative work of immense imaginative and inspirational power His argument is both fascinating and persuasive Matthew Parris *The Bible for Grown Ups* neither requires nor rejects belief It sets out to help intelligent adults make sense of the Bible a book that is too large to swallow whole yet too important in our history and culture to spit out Why do the creation stories in Genesis contradict each other Did the Exodus really happen Was King David a historical figure Why is Matthew s account of the birth of Jesus so different from Luke s Why was St Paul so rude about St Peter Every Biblical author wrote for their own time and their own audience In short nothing in the Bible is quite what it seems Literary critic Simon Loveday s book a labour of love that has

taken over a decade to write is a thrilling read for Christians and anyone else which will overturn everything you thought you knew about the Good Book
