The New Interpreters Handbook Of Preaching:

The New Interpreter's® Handbook of Preaching ,2010-11-01 The New Interpreter s Handbook of Preaching is a major reference tool for preaching with articles on every facet of Christian sermon preparation and delivery This resource is both scholarly and practical It focuses on the most distinctive feature and greatest strength of homiletics as a discipline It is rooted in interdisciplinary scholarship and it develops theory geared to practice Its theory arises out of the study of both excellent preaching past and present and actual sermon preparation and composition When theory and practice critique each other it is possible to produce guidelines that assist greater excellence and economy in preaching the gospel Excellence in standards is an area in which homiletics needs to grow and this project will be both a means to encourage and develop it A guiding question throughout will be Will it preach The answers will be offered in the sense that here is something that works well rather than here is something to try Preachers will turn to this resource with the expectation that they will find scholarly treatment of topics brief bibliographies of relevant key books and articles along with practical methodological suggestions for preachers to employ The contributors are homileticians preachers and writers in various disciplines who are committed to the pulpit through practice

Preaching in the Sunday Assembly James A. Wallace,2010-11-01 What should preachers aim for in Sunday preaching In 1982 the USCCB document *Fulfilled in Your Hearing* The Homily in the Sunday Assembly answered this question Here in a pastoral commentary on *Fulfilled in Your Hearing* several Catholic scholars in homiletics liturgy and biblical studies both appreciate the abiding insights of *Fulfilled in Your Hearing* and also propose areas for continuing reflection Following the four sections of the Bishops document *The Assembly The Preacher The Homily and Homiletic Method* This commentary emphasizes the document s continuing importance for the initial and ongoing formation of Catholic liturgical preachers while also inviting conversation about present day cross cultural liturgical and communication concerns for Catholic preaching Priests deacons seminarians bishops and all others engaged in the preaching task are invited to deepen their appreciation of the homily s unique role in the liturgical life of the church and to stir their enthusiasm for preaching and preaching preparation

Preaching from Inside the Story Jeffrey W. Frymire,2022-06-02 *Preaching from Inside the Story* is a book that seeks to carve out an understanding of narrative preaching in an age where there is little agreement about its nature and practice Capitalizing on the works of Craddock and Lowry it seeks to find an expanded palette upon which the preacher may engage the larger canvas of narrative preaching This book will engage the mind by introducing neuroscientific understandings of creativity build upon the foundations of the philosophy of stories by engaging Aristotle s foundational understanding of narrative and renew the Lowry Loop by expanding this seminal work and how it should be understood in our current culture *Preaching from Inside the Story* breaks new ground by encouraging preachers to move inside stories and tell them from the inside out providing a positive effect thereby affording non narrative preachers to connect with storytelling principles Ultimately it is filled with examples of how to do narrative in a very practical

way However in showing these practical examples the reader is involved in a deep analysis of those narrative sermons and how they fit into an overall narrative understanding of preaching In the final analysis it invites the reader to take a fresh journey into narrative preaching

Unspeakable Sarah Travis,2021-06-09 Unspeakable probes the relationship between trauma theory and Christian theology in order to support preachers in the task of crafting sermons that adequately respond to trauma in the pews and the world at large How might sermons contribute to resiliency and the repairing of wounds caused by traumatic experiences This book seeks to provide a theological lens for preachers who wonder how their beautiful words can address suffering amid traumatic wounding Preaching is a healing discourse that proclaims gospel or good news Gospel is a complicated reality especially in the face of trauma Drawing on various theologies and insights from trauma theory Unspeakable challenges the notion of a triumphant gospel seeking an in between perspective that honors both resurrection and the trauma that remains despite our desire to get to the good news It builds on images of the preacher as witness and midwife in order to develop homiletical practices that acknowledge the limitations of language and imagination experienced by traumatized individuals

Social Crisis Preaching Tyshawn Gardner,2023-02-01 This book provides a theology for social crisis preaching by arguing that Christian proclamation is the best prescription for the social crises in our world Social Crisis Preaching positions the pastor as a sacred anthropologist one who is aware of both the crises in one s community but also as one who has a firm understanding of the people in the pews It also equips the preacher with both the hermeneutical and homiletical tools to confront social crisis with biblical integrity Lastly this book argues that social crisis preaching develops Christians disciples and congregations as those who care about and confront the social crisis in their neighbor s community following the biblical mandate to love your neighbor as yourself

Youthful Preaching Richard Voelz,2016-01-21 What if adolescents aren t bored with preaching What if they have and are interacting with preaching in complex various ways that have escaped the attention of adult listeners and preachers What if their own preaching informed the ways adults think about Christian faith and theories practices of preaching While much recent discussion in preaching revolves around underrepresented groups the relationship between adolescent youth and preaching remains largely unexplored Youthful Preaching brings youth into contemporary conversations about preaching by listening to their voices and by advocating for communities of faith and practice to seek ways to reimagine renew and strengthen the relationships between youth adults and preaching

Power and the Pulpit Gerald Hiestand,Joel Lawrence,2025-10-22 The evangelical tradition places the sermon at the center of church life We build buildings around pulpits and preachers We champion gifted communicators We celebrate effective homiletical techniques But too often these emphases are not the result of deep theological convictions but of the church s adoption of modern visions of communication and success In our day preaching is easily unmoored from its biblical theological and historical anchors Too often it has become a tool of celebrity We have seen pulpits and preaching taken captive by political and pragmatic ideologies The teaching office of the church has sometimes been manipulated to

secure and maintain human power The present condition of much preaching in our time compels us to ask What is our theology of preaching Is our vision of the sermon rooted in the miracle of God s word proclaimed or in the desire to entertain Is our preaching a function of a theology of glory or a theology of the cross Reflecting on such questions the essays in this volume seek to chart a path forward for word centered God glorifying preaching Expository Preaching in Africa Ezekiel A. Ajibade,2021-06-30 How can expository preaching rooted in a textual analysis of Scripture be effectively utilized in oral cultures In Expository Preaching in Africa Ezekiel A Ajibade engages this challenge directly offering practical techniques for integrating African oral elements such as myths proverbs folklore dance drama poetry and storytelling into preaching that is both biblical and African Alongside numerous examples and tools Ajibade provides a rich overview of the nature of orality the history and development of African preaching and the reason biblical exposition must be central to gospel proclamation He reminds us that it is the word of God incarnated among us that has the power to transform lives and revitalize nations Contextualized expository preaching is not therefore one technique to be utilized among many it is rather the heart of biblical teaching and the future of the African church While contributing significantly to studies in contextualization and homiletics this book is immediately applicable to practitioners especially African preachers and those working in oral contexts

Historical Handbook of Major Biblical Interpreters Donald K. McKim,1998 Contributors from both historical and biblical studies profile the methods perspectives and seminal works of major biblical interpreters from the second century to the late twentieth century Includes introductory essays for each period and bibliographies of each interpreter **Basis of Preaching Biblical Message: Preach the Word** Rev Dr koningthung Ngoru Moyon,2024-11-07 Public Speaking is one of the most important task and challenging to the human beings It is imperative for all the committed Christians to lean learn and live with the Biblical truths As such the knowledge and application of Scripture is an utmost necessity to be grounded upon the word of God The necessity of Scripture means that the Bible is necessary for knowing the gospel for maintaining spiritual and moral life and for knowing God s will but is not necessary for knowing that God exists or for knowing something about God s character and moral law **Basis of Preaching Biblical Message Preach the Word** is for the glory of God the building up of the church and society and the spreading of the Gospel to the ends of the earth that is to all the creation Biblical preaching is centered around and takes its content from the inerrant Word of God True Biblical preaching aims at life change Biblical preaching also comes through the personality of the preacher Some communicators or preachers are encouragers some are confrontational Some are humour while others use sound logic and well reasoned content It is not good to fall into the trap of trying to mimic your favourite preacher Instead learn from them and develop your own style as a good communicator Rev Dr Koningthung Ngoru Moyon presents **Biblical Preaching** in his book **Basis of Preaching Biblical Message Preach the Word** is both an art and a science It is a science in the sense that there are rules and principles of communication that we are to follow It is an art in that each person brings his own unique personality and style to the

preaching experience Preaching is truth through personality Both are necessary However the very important and foremost focus in the book is that Biblical Preaching is empowered by the work of the Holy Spirit is focus in the book
