The New World, 1840

Where the New World is Martyn Bone, 2018 Assesses how fiction published since 1980 resituated the U S South globally and how earlier twentieth century writing already had done so in ways traditional southern literary studies tended to ignore Bone argues that this fiction has challenged understandings of the South as a fixed place largely untouched by immigration and globalization

Dragon Kings of the New World Dante Doom, WOW What a FANTASTICAL Ride This was a solid LitRPG that went in an interesting direction It was a great story that kept me hooked through the entire book I liked the contrast between Van and Sang an ambitious gamer who lives to game and an aggressive agent who thinks it s a waste of time They were both likable and their banter cracked me up Grab Dante Doom s gripping LitRPG series *Dragon Kings of the New World* The Star Dragon The Black Dragon and The Iron Dragons are available for the first time as a boxset The Star Dragon When the real world is threatened it s up to the players in a virtual one to save it Van Vanyushin doesn t see the point in ever leaving the beautiful digital world of the game he loves and for good reason In the industrial wasteland he calls home it is often the only way people can experience life s simplest pleasures But his allegiance to the game is tested when an ambitious CIA agent named Sang Ngo calls upon him to help as she goes undercover in the game to investigate Draco the corporation responsible for creating the massively popular role playing game *Dragon Kings of the New World* Sang is a gifted hacker who feels nothing but contempt for those who waste their lives in what she sees as a false reality but when people start dying in the game she must find out why Van a talented gamer is her guide to navigate the world level up their newbie characters fast and get into some of the most dangerous areas of the game He dreams of becoming a pro gamer sponsored by Draco one day but his partnership with Sang threatens to expose secrets from his past that could jeopardize those plans The Black Dragon Mysteries abound as a dangerous game becomes deadly Dedicated gamer Van and his CIA agent partner Sang have successfully infiltrated *Dragons Kings of the New World* but the further they go the more questions arise They return to find

that the in game kingdom of Silver Peak which Van once ruled as one of the most powerful players in the game has now fallen into disrepair There they recruit a mercenary party of adventurers from among Van s old comrades and venture to find the hidden realm of Bloodrock which Van suspects could hold the key to the game s mysterious origins The Iron Dragons Can two fugitives beat Draco at its own game Van and Sang are on the run forced to log on and play Dragons of the New World from a dank basement hideout with borrowed characters while the world crumbles around them Sang is losing hope after being fired by the CIA but Van s resolve is only growing
