Some Early Musical Recollections of G. Haddock George Haddock, 1906 **Some Early Musical Recollections of G. Haddock** George Haddock, 2015-06-25 Excerpt from Some Early Musical Recollections of G Haddock For any defects in literary style in my Recollections I claim my readers kind indulgence also I cannot always vouch for exact dates as it has been my custom to keep very few programmes or press notices Several letters from artists I find after all these years still in my possession but scores from time to time have been annexed by autograph collectors From those I still have I may have occasion to quote It is possible that there may be many little inaccuracies in one s recollections which date back three quarters of a century as one s memory at times is not infallible Indeed it was never my intention to put my thoughts to paper but it has been my good fortune throughout a long life to be the participator either as principal or otherwise in so many events which have made musical history that I have relented The prime movers in these have been artists of exceptional calibre who have left on everything they touched an indelible mark In speaking of them to the present generation I have at last somewhat reluctantly given way to frequent solicitations About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Some Early Musical**

A Cultural History of the Violin in Nineteenth-Century London Tom Wilder, 2025-03-18 Examines the violin

s evolution as not just instrument but valued objet d art through the eyes of musicians collectors makers dealers connoisseurs journalists auctioneers and traders The nineteenth century saw developments in the composition performance and reception of classical music that led to an unprecedented shift in how the violin was appreciated from humble craft object to one of art A utilitarian tool defined in 1800 by its tonal properties became by century s end an expensive objet d art classified almost exclusively in terms of physical visible properties In London s vibrant musical life Cremonese violins acquired special significance and in turn helped shape the beliefs knowledge and behaviour of the disparate actors connected to the instrument musicians collectors makers dealers connoisseurs journalists auctioneers and traders By 1880 London had supplanted Paris as the centre of the international violin trade One firm in particular W E Hill Sons emerged as a major presence in both the local musical community and the global violin market The Hills were makers restorers dealers and connoisseurs They were also writers collectors and melomaniacs deeply implicated in London s instrument auction and exhibition scene The mutually reinforcing nature of these activities which they consciously turned to account for commercial reasons bear witness to events and developments earlier in the century Their story illuminates this first study of the violin s nineteenth century journey from simple musical instrument to mystified work of art *The Strad* ,1949 **A History of Modern Leeds** Derek Fraser,1980
