morning decides that he is unhappy with his own time and circumstances and resolves to go to Ponnoner s to get embalmed for a couple hundred years The symposium of the preceding evening had been a little too much for my nerves I had a wretched headache and was desperately drowsy Instead of going out therefore to spend the evening as I had proposed it occurred to me that I could not do a wiser thing than just eat a mouthful of supper and go immediately to bed A light supper of course I am exceedingly fond of Welsh rabbit More than a pound at once however may not at all times be advisable Still there can be no material objection to two And really between two and three there is merely a single unit of difference I ventured perhaps upon four My wife will have it five but clearly she has confounded two very distinct affairs The abstract number five I am willing to admit but concretely it has reference to bottles of Brown Stout without which in the way of condiment Welsh rabbit is to be eschewed Having thus concluded a frugal meal and donned my night cap with the serene hope of enjoying it till noon the next day I placed my head upon the pillow and through the aid of a capital conscience fell into a profound slumber forthwith
