The Power Of Compassion:

The Power of Compassion Laura Galiana, Noem Sans Martnez, 2019-08-08 Compassion is associated with feelings emotions expressions of care and comfort derived from a place of love and relationship However as The Power of Compassion demonstrates compassion is indeed based out of a position of power a personal resource and strength to sustain people in complex and difficult times in their lives but also a concept which is meaningful at an organisational level and to society at large Compassion has a growing scientific basis notably within psychology and neuroscience but its application is increasingly evident across a range of health and social care systems This book brings together the wisdom of compassionate science through the exposition of work by international experts on the development of evidence in the field of compassion research and training Divided into four sections readers will find a comprehensive and contemporary review of current measures opportunities for training into compassion and self compassion and its application to different contexts such as mental illness and end of life as well as an understanding of compassion at a more global level As a whole it provides a comprehensive text for academics researchers and scholars as well as students interested in this new and dynamic field of study This new textbook edited by Laura Galiana and Noem Sans offers different facets of a complex concept and will no doubt lead to further debate and a better discourse on how compassion can be transformative And that is something truly powerful

The Power of Compassion Charles Preston Fletcher,2024-06-14 When we take the time for personal reflection God gives us the eyes to see with love Our love can grow and spread to others through compassion Our struggles have their benefits and virtues grow from finding them We can cultivate positive thoughts to construct a future and get stronger in the process By first believing in ourselves compassion helps us all To live Happier lives We build better lives for ourselves and others by tending to the gardens of the heart Compassion in general is a great place to start tending to the gardens of our hearts and as our gardens grow we can share the fruits of our labor with our neighbors and they can do the same for us
