The Power of Decisions Alexis Johnson, 2019-09-15 Not everyone develops the ability to think about their own thinking but those who do distinguish themselves intellectually So also those who decide about their own deciding distinguish themselves morally What are the principles that guide my decision making How have my past decisions shaped my current reality What do today's decisions mean for my future and the generations that will follow me What is the cost of indecision In these pages Pastor Alexis Johnson lays out these and many other valuable considerations for decision making pathways that bring honor to God and distinction to our lives This work represents more than diligent study It represents the lessons gleaned from decades of wise living and offered in love Pastor Alexis Johnson is one of the most deliberate people that I know His life and reputation truly bear the fruit of the power of decisions Dr Shannon Mason MEd Ph D Mission Strategist This book is about the decisions that you make every moment of

every day Decisions are cumulative No decision that you make is inconsequential You will never see one rain drop fall out of the sky Our thoughts decisions accumulate and metaphorically become like clouds Within a cloud water droplets combine with one another causing the droplets to grow When these water droplets get too heavy to stay suspended in the cloud they fall to earth as rain So it is with each thought As it merges with other thoughts they come together and form the rainfall of a decision God Himself made a decision to hold back the rain from coming on the earth because He had no man to till the ground It was not until He made man and put him in the Garden east ward of Eden that He allowed the rain to come By then He had a man to keep it and to cultivate it The original man made a decision to keep the Garden maintain and cultivate it thus causing growth He was also instructed by his Creator to subdue and have dominion over every living thing moving upon the earth With this kind of responsibility our emotions must be grounded in knowing our purpose for existence According to neuroscientist and professor Dr Antonio Damasio emotions are inextricably linked to thoughts and together they drive the decision making process We need emotional input to make decisions If we lacked the capacity to feel as certain brain damaged patients do we would become incapable of making decisions Emotion and feeling interact in the thought process creating a kind of bridge between the rational and non rational dynamic Dr Antonio Damasio bigthink com Healthy emotions interacting with rational thoughts are essential to our decision making In our decision making we need to be careful to monitor those emotions and feeling that are derived from our fleshly appetites Of course appetite is a normal vital component of our God created human ness According to neuro psycho pharmacology research our appetites can affect our decision making with inevitable positive or negative ramifications sciencedaily com Our decisions are in part a product of our past informed by our present and reflect our anticipated future To shape our future we must consider our decision making potential Our decisions do have the power the power to bring good or harm and thus the power to impact our generation and future generations A single good decision can turn our lives into triumph a single bad decision can turn our lives into chaos Unfortunately our first human parents Adam and Eve made an irrational decision based on a thought process that succumbed to Satan s appeal to their emotions The human race is still living out of that decision Whether appetite based decisions or Spirit led decisions we will be exploring The Power of Decisions If you want to change your future change your decisions Your future is in your hands that is your decision Alexis Johnson The Power of Decision Ricardo A Newbold,2025-04-25 What if one bold decision could change everything Every breakthrough begins not with luck but with choice In The Power of Decision Ricardo A Newbold challenges you to stop hesitating and start aligning your choices with heaven s higher purpose This isn t just a book it s a spiritual nudge to break free from fear trust God s guidance and step boldly into your next chapter Whether you re stuck in indecision or standing at a major life crossroads this book will equip you to Overcome the fear of regret that keeps you playing small Clarify your identity so your decisions align with who you re becoming Cut through distractions and say no to what doesn t serve your purpose Make faith based decisions with confidence not confusion Build a divine decision

making framework you can use for life Follow through with bold obedience even when the path feels unclear **Analysis and Digest of the Decisions of Sir George Jessel, Late Master of the Rolls** Great Britain. Court of Chancery,1883

The American Decisions ,1886 **The Power of Decision** Godspower Oparaugo,2018-04 This book inspires the reader in so many ways that encourage personal development and growth The author used biblical social economic and environmental perspectives to explain the inseparable nature of decision and destiny This book contains the simple methods one can use and achieve his destiny in brighter ways It stands as a correction tool we can use to amend our lives and the decisions we make on daily basis The author tells how our destinies lie in our hands which in turn shows that each of us is in control of your destiny This book inspires and advises the reader not to blame anyone when he or she fails in anything he or she does in life This is an awaiting piece that this generation hungers to read It has norms for good living and rules for attainment of goals *Federal Decisions: Name* United States. Courts,William G. Myer,1888
