The Power Of Handshaking The Power Of Handshaking:

Out of the Mouths of Slaves John Baugh, 1999 When the Oakland California school board called African American English Ebonics and claimed that it is not a black dialect or any dialect of English they reignited a debate over language race and culture that reaches back to the era of slavery in the United States In this book John Baugh an authority on African American English sets new parameters for the debate by dissecting and challenging many of the prevailing myths about African American language and its place in American society Baugh s inquiry ranges from the origins of African American English among slaves and their descendants to its recent adoption by standard English speakers of various races Some of the topics he considers include practices and malpractices for educating language minority students linguistic discrimination in the administration of justice cross cultural communication between Blacks and whites and specific linguistic aspects of African American English This detailed overview of the main points of debate about African American language will be important reading for both scholars and the concerned public *The Million Dollar Handshake* Catherine Molloy, 2018-05-29 The Million Dollar Handshake is about more than making money it is also about helping you feel a million dollars First impressions do count and few have as much impact as your handshake A handshake can let the other person know if we are nervous over excited confident or interested in them and it can tell us so much about that person too once we learn the signs A great handshake can lead to a positive outcome help secure a deal and result in an ongoing relationship We can make a good or bad impression within just seven seconds of meeting someone This book shows you how to create a great first impression offers advice on how to let the other person see that you are interested in them that they can trust and depend on you and delves into what you do and don t want your handshake to convey The Million Dollar Handshake will teach you how to communicate better in all parts of your life starting with those crucial first seven seconds But the skills you ll learn won t stop there because as you realise how your handshake reveals who you are you ll be inspired to make the positive changes that will result in better first time and ongoing communication with others Includes access to exclusive online content featuring interactive training worksheets and videos *The Secret Handshake* Kathleen Kelley Reardon, Ph.D., 2011-05-25 In The Secret Handshake top corporate consultant and USC management professor Kathleen Reardon explores and reveals the hidden rules on the ins and outs of corporate politics that you won t find outlined in any employee handbook Based on hundreds of candid interviews with executives at Fortune 500 companies who have achieved their goals and joined the inner circle The Secret Handshake lays bare the unstated conventions that govern and shape corporate hierarchies Taking readers inside boardrooms to learn firsthand how the top decision makers view and assess the employees under them it offers invaluable advice on such career building tactics and skills as getting noticed networking persuading others knowing which battles to fight and mastering the art of the quid pro quo For all those who aspire to be part of the decision making body of their organization The Secret Handshake is the ultimate intelligence report on whom to trust and whom to watch out for how
