The Private Life Of Mrs Sharma:

The Private Life of Mrs Sharma Ratika Kapur, 2015 A wickedly witty portrait of modern India from a distinctive new talent

The Private Life of Mrs Sharma Ratika Kapur, 2015-12-03 Renuka Sharma is a dutiful wife mother and daughter in law holding the fort in a modest rental in Delhi while her husband tries to rack up savings in Dubai Working as a receptionist and committed to finding a place for her family in the New Indian Dream of air conditioned malls and high paid jobs at multi nationals life is going as planned until the day she strikes up a conversation with an uncommonly self possessed stranger at a Metro station Because while Mrs Sharma may espouse traditional values India is changing all around her and it wouldn't be the end of the world if she came out of her shell a little would it With equal doses of humour and pathos *The Private Life of Mrs Sharma* is a sharp eyed examination of the clashing of tradition and modernity from a dramatic new voice in Indian fiction

A World History of Mobility Gijs Mom, 2025-08-01 As a tool of globalized mobility the car provides a useful barometer for charting the global development of socio cultural economic technical and political modernization Shaped by prevailing gender and racial norms and popularized by a Western driven car culture it is a commodity whose access and use embodies wider inequalities In this comprehensive world history of auto mobility Gijs Mom draws upon his extensive research into the field to assess the past and present of road cultures and hypothesize their future Ranging from the impact of climate change to decolonization this volume spotlights how profoundly automobilism impacts our sense of identity and imagination

Pacific Automobilism Gijs Mom, 2022-09-13 The beginning of the 21st century has seen important shifts in mobility cultures around the world as the West's media driven car culture has contrasted with existing local mobilities from rickshaws in India and minibuses in Africa to cycling in China In this expansive volume historian Gijs Mom explores how contemporary mobility has been impacted by social political and economic forces on a global scale as in light of local mobility cultures the car as an adventure machine seems to lose cultural influence in favor of the car's status character

Age Discrimination and Children's Rights Claire Breen, 2005-12-01 One of the aims of the United Nations Convention on the Rights of the Child is to accord due recognition to the fact that the child by reason of his physical and mental immaturity needs special safeguards and care including appropriate legal protection before as well as after birth However a question mark hangs over the extent to which special safeguards and care can negatively impact on the rights of the child and result in discrimination against the child in the guise of his physical and mental immaturity This volume explores the extent to which children's rights are secured at the national level and the reasons why children's rights have or

have not been recognised and secured by various states at the level of domestic law It also explores the difficulties inherent in the accordance of rights to children in order to ascertain whether they do in fact derive from the particular nature of children or whether they mask a reluctance of states to fulfil their domestic and international rights obligations to children and whether such reluctance constitutes discrimination against children The volume thus explores the theoretical and legal underpinnings of gender and race discrimination at both the domestic and international level and examines the extent to which these may be applied to the area of children s rights Salaam New York Prem N. Empowerment Vs Men Education Love Joshi,2024-12-16 In an age where women s empowerment is championed there remains an often overlooked counterpart men s education in values ethics and respect Women Empowerment vs Men Education dives deep into this dual necessity presenting twelve powerful stories of women who fight against societal oppression and the men whose upbringing and beliefs have shaped their worldviews Each chapter explores a different woman s journey tackling issues like forced marriages honor killings workplace harassment and family pressure Yet while women rise to reclaim their rights and autonomy the novel highlights a critical truth true societal progress requires not just the empowerment of women but the re education of men Without teaching men the principles of equality empathy and mutual respect the cycle of violence control and discrimination continues Women Empowerment vs Men Education is a bold thought provoking narrative that calls for balanced gender justice It reminds us that gender equality is not just about elevating women it s about reshaping the mindset of men fostering mutual respect and breaking down patriarchal norms that bind both genders *All the Right People* Priyanka R.
