Cli-Fi and Class Debra J. Rosenthal, Jason de Lara Molesky, 2023-10-09 Since its emergence in the late twentieth century climate fiction or cli fi has concerned itself as much with economic injustice and popular revolt as with rising seas and soaring temperatures Indeed with its insistent focus on redressing social disparities cli fi might reasonably be classified as a form of protest literature As environmental crises escalate and inequality intensifies literary writers and scholars alike have increasingly scrutinized the dual exploitations of the earth s ecosystems and the socioeconomically disadvantaged Cli Fi and Class focuses on the representation of class dynamics in climate change narratives With fifteen essays on the intersection of the economic and the ecological addressing works ranging from the novels of Joseph Conrad Cormac McCarthy and Octavia Butler to the film Black Panther and the Broadway musical Hadestown this collection unpacks the complex ways economic exploitation impacts planetary well being and the ways climatic change shapes those inequities in turn

Posthumanity in the Anthropocene Esther Muñoz-González, 2023-04-20 In this book Margaret Atwood s dystopian novels The Handmaid s Tale the MaddAddam trilogy

The Heart Goes Last and The Testaments are analyzed from the perspective provided by the combined views of the construction of the posthuman subject in its interactions with science and technology and the Anthropocene as a cultural field of enquiry Posthumanist critical concerns try to dismantle anthropocentric notions of the human and defend the need for a closer relationship between humanity and the environment Supported by the exemplification of the generic characteristics of the cli fi genre this book discusses the effects of climate change at the individual level and as a collective threat that can lead to a world without us Moreover Margaret Atwood is herself the constant object of extensive academic interest and Posthuman theory is widely taught researched and explored in almost every intellectual field This book is aimed at worldwide readers not only those interested in Margaret Atwood s oeuvre but also those interested in the debate between critical posthumanism and transhumanism together with the ethical implications of living in the Anthropocene era regarding our daily lives and practices It will be especially attractive for academics university teachers postgraduates researchers and college students in general

The Crossroads of Crime Writing Meghan P. Nolan, Rebecca Martin, 2024-03-05 This volume argues that we must examine the boundaries in fiction and non fiction crime writing with an awareness of and turn toward the unseen structures and spatial uncertainties that so often lead to and reflect collective fears and anxieties Drawing upon the insights and expertise of an international array of scholars the chapters within explore the interplay of the literary historical social and cultural in various modes of crime writing from the 1890s to as recent as 2017 They examine unseen structures and uncertain spaces and simultaneously provide new insights into the works of iconic authors such as Christie and iconic fictional figures like Holmes as well as underexplored subjects including Ukrainian detective fiction of the Soviet period and crime writing by a Bengali police detective at the turn of the twentieth century The breadth of coverage of both time and place is an indicator of a text in which seasoned readers advanced students and academics will find new perspectives on crime writing employing theories of cultural memory and deep mapping

The Routledge Handbook of Literature and Space Robert Tally Jr., 2017-01-06 The spatial turn in literary studies is transforming the way we think of the field The Routledge Handbook of Literature and Space maps the key areas of spatiality within literary studies offering a comprehensive overview but also pointing towards new and exciting directions of study The interdisciplinary and global approach provides a thorough introduction and includes thirty two essays on topics such as Spatial theory and practice Critical methodologies Work sites Cities and the geography of urban experience Maps territories readings The contributors to this volume demonstrate how a variety of romantic realist modernist and postmodernist narratives represent the changing social spaces of their world and of our own world system today

Speculative Wests Michael K. Johnson, 2023-03 2024 Thomas J Lyon Book Award Winner sponsored by Western Literature Association Looking across the cultural landscape of the twenty first century its literature film television comic books and other media we can see multiple examples of what Shelley S Rees calls a changeling western what others have called weird westerns and what Michael K Johnson refers to as speculative

westerns that is hybrid western forms created by merging the western with one or more speculative genres or subgenres including science fiction fantasy horror and alternate history Speculative Wests investigates both speculative westerns and other speculative texts that feature western settings Just as western refers both to a genre and a region Johnson s narrative involves a study of both genre and place a study of the speculative Wests that have begun to emerge in contemporary texts such as the zombie threatened California of Justina Ireland s Deathless Divide 2020 the reimaged future Navajo nation of Rebecca Roanhorse s Sixth World series 2018 19 and the complex temporal and geographic borderlands of Alfredo V a s time travel novel The Mexican Flyboy 2016 Focusing on literature film and television from 2016 to 2020 Speculative Wests creates new visions of the American West

Handbook of the Philosophy of Climate Change Gianfranco Pellegrino, Marcello Di Paola, 2023-11-24 This Handbook offers a broad yet unified treatment of many philosophical issues connected with climate change ranging from foundational puzzles to detailed applications It extends to many branches of philosophy that are relevant to the understanding of the premises and implications of the impacts of climate change on human and nonhuman life on Earth More specifically the handbook examines the scientific accounts of climate change as well as its causes It explores the tools offered by social sciences and humanities to study the societal premises and impacts of climate change as well as delving deeper into the ethical and political issues connected with and resulting from climate change By doing so it puts it all in an ecological and historical context In addition the book offers solutions to some important philosophical puzzles and problems and indicates paths of interaction between philosophy and other disciplines The discussion about climate change and the mitigation adaptation policies spans many areas and levels from abstract science and philosophy to current on the ground politics However climate change is also a great a philosophical puzzle Indeed its existential and practical relevance can be thought to largely derive from the philosophical complications it engenders Climate change is applied philosophy par excellence Preventing dangerous anthropogenic climate change needs very good philosophy applied to concrete and specific practical issues Climate change is an area where scholars from very different provenances should cooperate on equal terms having in view a common and really important purpose contribute to preventing great burdens and even the extinction of humankind and the destruction of hospitable and valuable non human nature
