Women's Club Football in Brazil and Colombia Mark Biram, 2024-01-15 The first women's football book on Latin America centring the perspectives of players brings rare interview material that cuts through the clichés to uncover the lived reality of women footballers It includes the first large scale survey of South American women footballers views into dialogue with institutional and media perspectives The early chapters consider the backdrop Latin American women footballers operate in a media and institutional panorama that privileges a heteronormative athletic femininity whilst ensuring women's football is never portrayed as anything other than an inferior version of the hegemonic men's game Following this drawing on nine months of ethnographic fieldwork in which 33 semi structured interviews were carried out with players and institutional figures this pioneering book foregrounds the lived reality of women's football in three strategic locations Firstly three months

were spent in the Amazon region of Brazil where Esporte Clube Iranduba provides a fascinating alternative model for the growth of women's football. This is contrasted with Santos FC where women's football tends to be constantly overshadowed by the presence of banal patriarchy and finally with another fleeting glimpse of how another model is possible at Atlético Huila of Colombia the surprise winner of the women's Copa Libertadores in 2018. *Book Club Bliss* Barrett Williams, ChatGPT, 2025-02-15
