education of their children Education of children occurs in the home the school and the community This study seeks to understand the nature of parental engagement of Igbo families in Chicago in the education of their children Not all immigrants are the same Knowing about Igbo experiences will enable scholars and educators to recognize both similarities with and differences from other immigrant communities It is immaterial whether their kind of involvement fits the prescribed or standardized form of parental involvement in the literature or in practice elsewhere The crucial question is given their circumstances are Igbo parents perceptions and practices of parental involvement promoting the education of their children in Chicago
