

# AP Statistics Murder Mystery Key

Adapted from Major Revak of US Air Force Academy by Linda Gann

The instructor's secretary who contributed so much data for our AP Statistics errors was murdered last night. By working this series of AP Statistics review problems, you will solve a series of clues to determine the murder weapon, the location of the murder, and the identity of the murderer. Fortunately, the instructor was not harmed in any way and the AP Statistics website was not tampered with. The instructor has already narrowed the search to three possible murder weapons, three possible locations, and three primary suspects. The list appears below:

Murder Weapon	Murder Locations	Primary Suspects
Power Shock	The X-Bar Hall	The "fun-loving" senior
A Poison M&M	The Two-Tailed Tower	The Head Counselor
A Launched Flying Gummi Bear	The Least-Squares Stable	The junior with the long big toe

Progress through the clues to eliminate murder weapons, murder locations and suspects. When you think you have solved a clue, report to your instructor to receive the next clue. Try to be the first group to solve the murder!

The list of clue packets appears below. These do NOT need to be solved in order.
