Global Trend Space Opera Saga:

The Noble Savage in the New World Garden Gaile McGregor, 1988 This book is a literary history of the Noble Savage and a comprehensive metamorphology of the American mind Wide ranging and deep diving this book suggests many reevaluations of American heroes and attitudes Saga #10 Brian K. Vaughan, 2013-02-20 Marko and Alana's long lost babysitter Izabel finally returns to the fold but at what cost **Fear of Seeing** Mingwei Song, 2023-10-03 Winner 2023 SFRA Book Award Science Fiction Research Association A new wave of cutting edge risk taking science fiction has energized twenty first century Chinese literature These works capture the anticipation and anxieties of China's new era speaking to a future filled with uncertainties Deeply entangled with the politics and culture of a changing China contemporary science fiction has also attracted a growing global readership Fear of Seeing traces the new wave's origin and development over the past three decades exploring the core concerns and literary strategies that make it so distinctive and vital Mingwei Song argues that recent Chinese science fiction is united by a capacity to illuminate what had been invisible what society had chosen not to see what conventional literature had failed to represent Its poetics of the invisible opens up new literary possibilities and inspires new ways of telling stories about China and the world Reading the works of major writers such as Liu Cixin and Han Song as well as lesser known figures Song explores how science fiction has spurred larger changes in contemporary literature and culture He analyzes key topics variations of utopia and dystopia cyborgs and the posthuman and nonbinary perspectives on gender and genre among many more A compelling and authoritative account of the politics and poetics of contemporary Chinese science fiction Fear of Seeing is an important book for all readers interested in the genre's significance for twenty first century literature *Fascist Lizards from Outer Space* Dan Copp, 2017-03-10 When Kenneth Johnson's science fiction miniseries V premiered in 1983 it netted more than 40 percent of the television viewing audience and went on to spawn a sequel a weekly series novelizations comic books and a remake Yet the 2009 V reboot was cancelled in its second season despite a robust premiere Both versions were products of their respective times but the original was inspired by classic works by the likes of Sinclair Lewis and Leo Tolstoy Johnson's predilection for literature and history helped give his telling of V a sense of heart and depth that the contemporary version sorely lacked Featuring exclusive interviews with cast and crew this book examines V's cultural impact and considers the future of the franchise Handbook of Futures Studies Roberto Poli, 2024-07-05 This insightful Handbook emphasizes the unique contribution that Futures Studies offers when understanding and managing current situations Contributing authors argue that by learning to examine the future in the present individuals and organizations can expand their abilities to analyze assess and ultimately make better decisions This title contains one or more Open Access chapters Space Opera Catherynne M. Valente, 2018-12-18 2019 HUGO AWARD FINALIST BEST NOVEL The Hitchhiker's Guide to the Galaxy meets the joy and glamour of Eurovision in bestselling author Catherynne M Valente's science fiction spectacle where sentient races compete for glory in a galactic

musical contest and the stakes are as high as the fate of planet Earth A century ago the Sentience Wars tore the galaxy apart and nearly ended the entire concept of intelligent space faring life In the aftermath a curious tradition was invented something to cheer up everyone who was left and bring the shattered worlds together in the spirit of peace unity and understanding Once every cycle the great galactic civilizations gather for the Metagalactic Grand Prix part gladiatorial contest part beauty pageant part concert extravaganza and part continuation of the wars of the past Species far and wide compete in feats of song dance and or whatever facsimile of these can be performed by various creatures who may or may not possess in the traditional sense feet mouths larynxes or faces And if a new species should wish to be counted among the high and the mighty if a new planet has produced some savage group of animals machines or algae that claim to be against all odds sentient Well then they will have to compete And if they fail Sudden extermination for their entire species This year though humankind has discovered the enormous universe And while they expected to discover a grand drama of diplomacy gunships wormholes and stoic councils of aliens they have instead found glitter lipstick and electric guitars Mankind will not get to fight for its destiny they must sing Decibel Jones and the Absolute Zeroes have been chosen to represent their planet on the greatest stage in the galaxy And the fate of Earth lies in their ability to rock **BioWare's Mass Effect** Jerome

Winter,2022-11-24 The videogame series Mass Effect is a remarkable rarity not only for being an original science fictional franchise of recent vintage that has risen to such prominent commercial and critical success in popular culture but also for pushing the canonical boundaries of how science fiction as a genre will be experienced and understood in the future This book analyzes the significance of the game for an understanding of the evolving SF genre and articulates an explanatory framework to limn its landmark reception in videogame history This book both synthesizes the burgeoning body of scholarship on Mass Effect for a readership unfamiliar with either the game or the critical conversation on its salient importance while simultaneously for readers already invested in the science fiction and videogame scholarship mounting an extended inquiry as to why Mass Effect has served as such a representative milestone in videogame and genre history The book should appeal to veteran science fiction and videogame scholars and students as well as a wide variety of fans
