Gender Warriors U. Melissa Anyiwo, Amanda Hobson, 2019-01-14 Gender Warriors Reading Contemporary Urban Fantasy offers classroom ready original essays outlining contemporary debates about sexual objectification and gender norms in urban fantasy and examining how those cultural categories are reinforced and unraveled The essays explore the foundations and evolutions of urban fantasy and presentations of gendered identities in a wide variety of sources focusing not only on popular examples such as Buffy the Vampire Slayer and Underworld but also on less studied

works for instance Penny Dreadful and Anita Blake The authors address the sociocultural institutions that bind gender to the body and shape our views of gendered norms inviting students of all experience levels to engage in interdisciplinary conversations about both theoretical and embodied constructions of gender and the production of genre and generic conventions The text unpacks cultural norms of gender and addresses issues of identity construction within an endlessly evolving genre This collection demonstrates the way that representations of gender and the kick ass female urban fantasy warrior have upended and reinforced a broad range of expectations and tropes making it a fascinating text for any course such as first year studies literature film gender studies sociology cultural studies history and more *Motherducking Witches (A vampire, werewolf, witch urban fantasy kicking butt while laughing maniacally adventure)* Michelle Fox, 2022-07-15 Hey all you cool cats and vampires I m witch and bounty hunter Sylvie Orion Or at least I was Who and what I am seems to be up for debate these days I mean other than the fact I m now the world s most wanted witch The reward is buy your own island money I even want to turn myself in Currently I m missing my soul and all the magic that comes with it For extra athame in the eye fun I m being held prisoner by Shifter Nation Whoa Goddess do they have plans for me Plans no sane witch would ever agree to be a part of I never wanted to start a war I just wanted to live a quiet witchy life But my soul has its own destiny and if I don t get it back I ll have no say in what happens next Hold on to your wands beyotches because this witch never says die *Motherducking Witches* is a highly unexpected and brilliantly exciting continuation of this fun and amazing series It allows us to take a deeper look into this beautifully complex storyline that has wrapped itself around my heart and won t let go This is such a fun action filled story with interesting characters Sylvie Orion a bounty hunter witch with very limited magic is in the fight of her life to get back her stolen soul I really like Sylvie and how she cleverly makes up for her weak magic as she battles stronger paranormal creatures Another terrific story in the Bad Magic Bounty Hunter series Can t wait to see what happens next Keywords paranormal romance fantasy romance urban fantasy shifter romance bear shifters steamy romance shifters alpha heroes alpha shifters myth mythology love story werewolf werewolf romance action adventure vampire witch demon devil psychic shapeshifter alpha vampires vampire series shapeshifter werewolf romance fantasy lycan mate bond vampire vampire romance immortal vampire slayer fae Laurel K Hamilton Sherrilyn Kenyon Christine Feehan Gena Showalter K F Breene J R Ward JR Ward Shannon Mayer Ruby Dixon Vampire Diaries Twilight Crave Tracy Wolff The Vampire Diaries Bella Forrest A Shade of Vampire *George Gissing, the Working Woman, and Urban Culture* Emma Liggins, 2017-09-29 George Gissing s work reflects his observations of fin de si cle London life Influenced by the French naturalist school his realist representations of urban culture testify to the significance of the city for the development of new class and gender identities particularly for women Liggins s study which considers standard texts such as *The Odd Women* *New Grub Street* and *The Nether World* as well as lesser known short works examines Gissing s fiction in relation to the formation of these new identities focusing specifically on debates about the working woman From

the 1880s onward a new genre of urban fiction increasingly focused on work as a key aspect of the modern woman's identity elements of which were developed in the New Woman fiction of the 1890s Showing his fascination with the working woman and her narrative potential Gissing portrays women from a wide variety of occupations ranging from factory girls actresses prostitutes and shop girls to writers teachers clerks and musicians Liggins argues that by placing the working woman at the center of his narratives rather than at the margins Gissing made an important contribution to the development of urban fiction which increasingly reflected current debates about women's presence in the city

China's Literary and Cultural Scenes at the Turn of the 21st Century Jie Lu, 2013-10-18 China's literary and cultural production at the turn of the twenty first century is marked by heterogeneity plurality and diversity Given its complexity the literary cultural production of this period perhaps can be understood most productively as a response to a global modernity that has touched and transformed all aspects of contemporary Chinese reality The eleven essays in this book offer an introduction to some of the most important works published at the turn of the twenty first century In combining textual analysis of specific works with theoretical insights and in locating the texts in their sociocultural and socioeconomic contexts the essays explore key theoretical issues and intellectual concerns of the time They collectively draw a broad contour of new developments major trends and radical changes capturing the intellectual and cultural Zeitgeist of the age All in all these essays offer new theoretical approaches to and critical perspectives on contemporary Chinese literature and culture

Do It Anyway Courtney E. Martin, 2010-10-13 If you care about social change but hate feel good platitudes Do It Anyway is the book for you Courtney Martin's rich profiles of the new generation of activists dig deep to ask the questions that really matter How do you create a meaningful life Can one person even begin to make a difference in our hugely complex globalized world

Imagining the Academy Susan Edgerton, Gunilla Holm, Toby Daspit, Paul Farber, 2013-01-11 The essays in this book examine various forms of popular culture and the ways in which they represent shape and are constrained by notions about and issues within higher education From an exploration of rap music to an analysis of how the academy presents and markets itself on the World Wide Web the essays focus attention on higher education issues that are bound up in the workings and effects of popular culture

Ordinary Cities Jennifer Robinson, 2013-07-04 This groundbreaking book establishes a new framework for thinking about urban development and crosses the longstanding divide in urban scholarship and urban policy between Western and other cities

Consumption and the World of Goods John Brewer, Roy Porter, 2013-06-17 The study of past society in terms of what it consumes rather than what it produces is relatively speaking a new development The focus on consumption changes the whole emphasis and structure of historical enquiry While human beings usually work within a single trade or industry as producers as say farmers or industrial workers as consumers they are active in many different markets or networks And while history written from a production viewpoint has by chance or design largely been centred on the work of men consumption history helps to restore women to the mainstream The history of consumption demands a wide

range of skills It calls upon the methods and techniques of many other disciplines including archaeology sociology social and economic history anthropology and art criticism But it is not simply a melting pot of techniques and skills brought to bear on a past epoch Its objectives amount to a new description of a past culture in its totality as perceived through its patterns of consumption in goods and services Consumption and the World of Goods is the first of three volumes to examine history from this perspective and is a unique collaboration between twenty six leading subject specialists from Europe and North America The outcome is a new interpretation of the seventeenth and eighteenth centuries one that shapes a new historical landscape based on the consumption of goods and services

International Law Theories Andrea Bianchi, 2016 Two fish are swimming in a pond Do you know what the fish asks his friend No tell me I was talking to a frog the other day And he told me that we are surrounded by water His friend looks at him with great scepticism Water What s that Show me some water International lawyers often find themselves focused on the practice of the law rather than the underlying theories This book is an attempt to stir up the water that international lawyers swim in It analyses a range of theoretical approaches to international law and invites readers to engage with different ways of legal thinking in order to familiarize themselves with the water all around us of which we hardly have any perception The main aim of this book is to provide interested scholars practitioners and students of international law and other disciplines with an introduction to various international legal theories their genealogies and possible critiques By providing an analytical approach to international legal theory the book encourages readers to enhance their sensitivity to these different approaches and to consider how the presuppositions behind each theory affect analysis research and practice in international law International Law Theories is intended to assist students scholars and practitioners in reflecting more generally about how knowledge is formed in the field
