State Violence In Guatemala 1960 1996 A Quantitative Reflection:

State Violence in Guatemala, 1960-1996 Patrick Donnell Ball, Paul Kobrak, Herbert F. Spirer, 1999 For more than four decades the Guatemalan state has regularly used extra judicial violence to maintain political control in a divided nation Over time state terror expanded in both intensity and in the scope of its victims from selective assassinations of militants in the armed insurgency to an ever widening attack on members of the political opposition By the early 1980s state forces were committing indiscriminate murder against civilians in rural Guatemala

The Hidden Structure of Violence Marc Pilisuk, Jennifer Achord Rountree, 2015-07-17 Acts of violence assume many forms they may travel by the arc of a guided missile or in the language of an economic policy and they may leave behind a smoldering village or a starved child The all pervasiveness of violence makes it seem like an unavoidable and ultimately incomprehensible aspect of the modern world But in this detailed and expansive book Marc Pilisuk and Jen Rountree demonstrate otherwise Widespread violence they argue is in fact an expression of the underlying social order and whether it is carried out by military forces or by patterns of investment the aim is to strengthen that order for the benefit of the powerful The Hidden Structure of Violence marshals vast amounts of evidence to examine the costs of direct violence including military preparedness and the social reverberations of war alongside the costs of structural violence expressed as poverty and chronic illness It also documents the relatively small number of people and corporations responsible for facilitating the violent status quo whether by setting the range of permissible discussion or benefiting directly as financiers and manufacturers The result is a stunning indictment of our violent world and a powerful critique of the ways through which violence is reproduced on a daily basis whether at the highest levels of the state or in the deepest recesses of the mind

Guatemalans in the Aftermath of Violence Kristi Anne Stølen, 2007-06-13 In this study of Guatemalan peasants rebuilding their lives after years in the crossfire anthropologist Kristi Anne Stølen examines the dynamics of violence survival strategies in situations of extreme violence and social reconstruction in its aftermath

State Violence and Genocide in Latin America Marcia Esparza, Henry R. Huttenbach, Daniel Feierstein, 2009-09-10 This edited volume explores political violence and genocide in Latin America during the Cold War examining this in light of the United States hegemonic position on the continent Using case studies based on the regimes of Argentina Chile Guatemala Peru and Uruguay this book shows how U S foreign policy far from promoting long term political stability and democratic institutions has actually undermined them The first part of the book is an inquiry into the larger historical context in which the development of an unequal power relationship between the United States and Latin American and Caribbean nations evolved after the proliferation of the Monroe Doctrine The region came to be seen as a contested terrain in the East West conflict of the Cold War and a new US inspired ideology the National Security Doctrine was used to justify military operations and the hunting down of individuals and groups labelled as communists Following on from this historical context the book then provides an analysis of the mechanisms of state and genocidal violence is offered

demonstrating how in order to get to know the internal enemy national armies relied on US intelligence training and economic aid to carry out their surveillance campaigns This book will be of interest to students of Latin American politics US foreign policy human rights and terrorism and political violence in general Marcia Esparza is an Assistant Professor in Criminal Justice Department at John Jay College of Criminal Justice in New York City Henry R Huttenbach is the Founder and Chairman of the International Academy for Genocide Prevention and Professor Emeritus of City College of the City University of New York Daniel Feierstein is the Director of the Center for Genocide Studies at the Universidad Nacional de Tres de Febrero Argentina and is a Professor in the Faculty of Genocide at the University of Buenos Aires Argentina **Who Is**

Rigoberta Menchu? Greg Grandin, 2011-02-21 In 1984 indigenous rights activist Rigoberta Mench published a harrowing account of life under a military dictatorship in Guatemala That autobiography I Rigoberta Mench transformed the study and understanding of modern Guatemalan history and brought its author international renown She won a Nobel Peace Prize in 1992 At that point she became the target of historians seeking to discredit her testimony and deny US complicity in the genocidal policies of the Guatemalan regime Told here is the story of an unlettered woman who became the spokesperson for her people and clashed with the intellectual apologists of the world's most powerful nation What happened to her autobiography speaks volumes about power perception and race on the world stage This critical companion to Mench's work will disabuse many readers of the lies that have been told about this courageous individual **Women and Genocide** Elissa Bemporad, Joyce W. Warren, 2021-12-22 Essays that use gender as a critical lens for staging intersectional multidisciplinary investigations of genocide in the 20th and 21st centuries Reading Religion The genocides of modern history Rwanda Armenia Guatemala the Holocaust and countless others and their effects have been well documented but how do the experiences of female victims and perpetrators differ from those of men In Women and Genocide human rights advocates and scholars come together to argue that the memory of trauma is gendered and that women's voices and perspectives are key to our understanding of the dynamics that emerge in the context of genocidal violence The contributors of this volume examine how women consistently are targets for the sexualized violence that serves as an instrument of ethnic cleansing how female perpetrators take advantage of the new power structures and how women are involved in the struggle for justice in post genocidal contexts By placing women at center stage Women and Genocide helps us to better understand the nexus existing between misogyny and violence in societies where genocide erupts It elegantly bridges the historical divide between the study of political violence and the study of gendered violence in the so called domestic sphere Women and Genocide is an immense scholarly accomplishment that has the potential to fund creative advances in each of the scholarly disciplines it engages as well as human rights peace and anti violence programs of advocacy Reading Religion **Escaping the Fire**

Tomás Guzaro, Terri Jacob McComb, 2010-03-01 A Mayan evangelical pastor recounts his harrowing experience before and during the Guatemalan Civil War and the heroic action that saved hundreds of lives During the height of the Guatemalan civil

war Tom s Guzaro a Mayan evangelical pastor led more than two hundred fellow Mayas out of guerrilla controlled Ixil territory and into the relative safety of the government army s hands This exodus was one of the factors that caused the guerrillas to lose their grip on the Ixil thus hastening the return of peace to the area In *Escaping the Fire* Guzaro relates the hardships common to most Mayas and the resulting unrest that opened the door to civil war He details the Guatemalan army s atrocities while also describing the Guerrilla Army of the Poor s rise to power in Ixil country which resulted in limited religious freedom murdered church leaders and threatened congregations His story climaxes with the harrowing vision that induced him to guide his people out of their war torn homeland Guzaro also provides an intimate look at his spiritual pilgrimage through all three of Guatemala s main religions The son of a Mayan priest formerly a leader in the Catholic Church and finally a convert to Protestantism Guzaro in detailing his religious life offers insight into the widespread shift toward Protestantism in Latin America over the past four decades

Terror in the Land of the Holy Spirit Virginia Garrard-Burnett, Virginia Garrard, 2010-01-15 Between 1982 and 1983 in the name of anti communism the military government of Guatemala prosecuted a scorched earth campaign of terror against largely Mayan rural communities Under the leadership of General Efraín Ríos Montt tens of thousands of people perished in what is now known as la violencia or the Mayan holocaust Ríos Montt Guatemala s president by coup was and is an outspokenly born again Pentecostal Christian a fact that would seem to be at odds with the atrocities that took place on his watch Virginia Garrard Burnett s book is the first in English to view the Ríos Montt era through the lens of history Drawing on newly available primary sources such as guerrilla documents evangelical pamphlets speech transcripts and declassified US government records she is able to provide a fine grained picture of what happened during Ríos Montt s

rule Looking back over Guatemalan history between 1954 and the late 1970s she finds that three decades of war engendered an ideology of violence that cut across class cultures communities religions and even families Many Guatemalans converted to Pentecostalism during this period she says because of the affinity between these churches apocalyptic message and the violence of their everyday reality Examining the role of outside players and observers The US government evangelical groups and the media she contends that self interest willful ignorance and distraction permitted the human rights tragedies within Guatemala to take place without challenge from the outside world
