Jeff VanderMeer,2010-07-29 A wealth of practical advice to help writers enhance their career and engage with readers in the digital age *Communicator-in-Chief* John Allen Hendricks,Robert E. Denton Jr.,2010-01-14 Communicator in Chief How Barack Obama Used New Media Technology to Win the White House examines the fascinating and precedent setting role new media technologies and the Internet played in the 2008 presidential campaign that allowed for the historic election of the nation s first African American president It was the first presidential campaign in which the Internet the electorate and political campaign strategies for the White House successfully converged to propel a candidate to the highest elected office in the nation The contributors to this volume masterfully demonstrate how the Internet is to President Barack Obama what television was to President John Kennedy thus making Obama a truly twenty first century communicator and politician Furthermore Communicator in Chief argues that Obama s 2008 campaign strategies established a model that all future campaigns must follow to achieve any measure of success The Barack Obama campaign team astutely discovered how to communicate and motivate not only the general electorate but also the technology addicted Millennial Generation a generational voting block that will be a juggernaut in future elections *The Online Journalism Handbook* Paul Bradshaw,Liisa Rohumaa,2013-09-13 How do we practice journalism in a digital world in which the old rules no longer apply This text offers comprehensive instructive coverage of the techniques and secrets of being a successful online journalist both from a theoretical and practical point of view Reflecting the vitality of the web it will inspire you to acquire new skills and make sense of a transforming industry Key Features How to investigate and break stories online Learn to broadcast to millions using video and podcast How to blog like a pro Learn to manage and stimulate user generated content Include and use social media in your toolkit How to dig out stories using data

journalism Rise to the challenge of citizen journalism Make your journalism more interactive at every stage of the process
Dedicated chapter for Law and Online Communication The Online Journalism Handbook is essential reading for all journalism students and professionals and of key interest to media communication studies and more broadly the social sciences *The Attention Merchants* Tim Wu, 2017-01-05 Attention merchant an industrial scale harvester of human attention A firm whose business model is the mass capture of attention for resale to advertisers In nearly every moment of our waking lives we face a barrage of advertising enticements branding efforts sponsored social media commercials and other efforts to harvest our attention Over the last century few times or spaces have remained uncultivated by the attention merchants contributing to the distracted unfocused tenor of our times Tim Wu argues that this is not simply the byproduct of recent inventions but the end result of more than a century's growth and expansion in the industries that feed on human attention From the pre Madison Avenue birth of advertising to TV's golden age to our present age of radically individualized choices the business model of attention merchants has always been the same He describes the revolts that have risen against these relentless attempts to influence our consumption from the remote control to FDA regulations to Apple's ad blocking OS But he makes clear that attention merchants grow ever new heads and their means of harvesting our attention have given rise to the defining industries of our time changing our nature cognitive social and otherwise in ways unimaginable even a generation ago Talking Book Topics, 2010 **Arianna Huffington** Leah McGrath Goodman, 2020-03-26 Arianna Huffington is one of the world's most prominent business leaders in media As co founder and editor in chief of The Huffington Post she built the first internet newspaper which eclipsed the traffic of The New York Times and won the Pulitzer Prize Creating a digital media empire from an investment of just over 1 million she sold HuffPost to AOL in 2011 for more than 300 million HuffPost went on to become the flagship publication for global telecommunications giant Verizon before being acquired by BuzzFeed in 2020 Considered to be one of the most influential women on earth Huffington went on to establish Thrive Global a wellness and technology start up that aims to end the stress and burn out epidemic This concise but richly detailed biography provides an overview of Huffington's life and career chronicling her journey from Athens to London New York Washington and California across seven decades From her earliest days Huffington faced overwhelming challenges to carve a bold path that brought her fame power and wealth This book reveals her personal insights how her companies tick and what lies ahead Smart insightful and often startling this book shows readers how Huffington did it transforming herself from a struggling aspiring author to a serial entrepreneur and ultimately reigning queen of media Trust Me I'm Lying Ryan Holiday, 2018-02-01 Recently fake news has become real news making headlines as its consequences become crushingly obvious in political upsets and global turmoil But it's not new you've seen it all before A malicious online rumour costs a company millions Politically motivated fake news stories are planted and disseminated to influence elections Some product or celebrity zooms from total obscurity to viral sensation Anonymous sources and speculation become national conversation

What you don't know is that someone is responsible for all this. Usually someone like Ryan Holiday, a media manipulator. Holiday wrote this book to explain how media manipulators work, how to spot their fingerprints, how to fight them, and how if you must, to emulate their tactics. Why is he giving away these secrets? Because he's tired of a world where trolls hijack debates, marketers help write the news, reckless journalists spread lies, and no one is accountable for any of it. He's pulling back the curtain because it's time everyone understands how things really work.
