The Climate Crisis Adam Aron, 2022-12-22 Why despite all we know about the causes and harms of global heating has so little effective action been taken to cut greenhouse gas emissions and what we can do to change that This book explains the mechanisms and impacts of the climate crisis traces the history and reasons behind the lack of serious effort to combat it describes some people's ongoing scepticism and how to shift it and motivates an urgent program of action It argues that the pathway to stopping dangerous global heating will require a much larger mobilization of advocacy and activism to impel decision makers to abandon fossil fuels and transition to renewable energy and electrification embedded in a political and social framework guided by justice principles It is an excellent resource for students and researchers on the climate crisis the need for a renewable energy transition and the current blocks to progress

The Red-Hot Truth About Self-Publishing a Book Alexandra Amor, 2025-08-29 Forget the rumors and hype Here's the truth about self publishing Have you thought about self publishing a book Are you curious about why writers are self publishing Have you wondered if self publishing is more or less difficult than it looks Is self publishing a passing fad or an easy road to riches Award winning author Alexandra Amor answers all these questions and more in *The Red Hot Truth About Self Publishing A Book* An independent author since 2009 Alexandra shares all the lessons she's learned and the

mistakes she's made along the way This is a why to rather than a how to book in order to help you decide whether self publishing is the right choice for you In this book you will learn exactly what self publishing is the skills you need or need to develop to successfully self publish the scams to steer clear of how choosing the right genre will support your success the roadblocks and set backs you might encounter and how to not let them stop you the mindset necessary to self publish and much more If you're on the fence about self publishing or are feeling overwhelmed and confused by the contradictory information you've read **The Red Hot Truth About Self Publishing A Book** will cut through the hype and give you just the facts you need to make the decision that's right for you

Our Father Who Aren't in Heaven Robert S. Turner, 2015-03-02 The Lord's Prayer holds an honored place in the worship and devotional practices of countless Christians around the world People of every ethnic background denominational affiliation and theological leaning pray to Our Father who art in heaven But what if there's more to it than we think Our Father Who Aren't in Heaven takes a decidedly this worldly approach to the prayer and seeks to understand what Jesus meant to teach his original disciples and us through this radical manifesto of the kingdom of God In these pages Robert S Turner presents a political reading of the prayer and explores how we can encounter through it a God who has left the divine hammock empty and cast God's lot with humanity and the rest of creation A renewed understanding of the prayer may have the capacity to transform the world These subversive reflections on the Lord's Prayer may have the capacity to transform the reader as well

Wetwares Richard Doyle, 2003 The mind of the machine the body suspended in time organs exchanged thought computed genes manipulated DNA samples abducted by aliens the terrain between science and speculation fraught with the possibility of technological and perhaps even evolutionary transformations is the territory Richard Doyle explores in *Wetwares* In a manner at once sober and playful Doyle maps potentials for human transformation by new ecologies of information in the early twenty first century *Wetwares* ranges over recent research in artificial life cloning cryonics computer science organ transplantation and alien abduction Moving between actual technical practices serious speculative technology and science fiction Doyle shows us emerging scientific paradigms where life becomes more a matter of information than of inner vitality in short becomes wetwares for DNA and computer networks Viewing technologies of immortality from cryonics to artificial life as disciplines for welcoming a thoroughly other future a future of neither capital god human nor organism the book offers tools for an evolutionary transhuman mutation in the utterly unpredictable decades to come
