Financial Success in the Year 2000 and Beyond Larry Chambers, 2024-11-01 Today s investor faces a much larger challenge than those of just ten years ago The size and complexities of the financial marketplace create confusion The Dow Jones industrial average has doubled in the past two and a half years and 10 000 on the Dow is no longer a fantasy Money keeps flooding into the market The New York Stock Exchange daily trading volume is four times that of 1990 Financial Success in the Year 2000 and Beyond covers financial planning and asset management the fastest growing segments of the financial services industry In the old days highly commissioned salesmen would simply tell their clients what
