The Oxford History of the Book James Raven,2023 An edited volume mapping the history of the book from the Ancient World through to the rapidly changing world of the book in the second decade of the 21st century **The Anatomy of a Best Seller** Sacha Black,2022-07-28 Do you wish you could write like your favorite authors Do you want to improve your writing If you want to power up your stories write with your readers in mind and deliver what the market wants this book is for you In **The Anatomy of a Best Seller** you ll discover A step by step guide to deconstructing your favorite books so you can utilize the tools of winning authors Tips and tricks for breaking down everything from sentence level prose to plot pacing characters story arcs and more A comprehensive guide to understanding your market and what readers want Tactics for turning the lessons and tools you find into practical prose and stories **The Anatomy of a Best Seller** is a comprehensive guide that will help you break down the best books in your genre understand how and why they work and then learn how to do it yourself By the end of the book you ll be armed with the methods you need to deconstruct best sellers understand the tools those authors are using and how to implement them in your own work If you like dark humor and learning through examples then you ll love Sacha Black s guide to deconstructing winning books Read **The Anatomy of a Best Seller** today and start writing your best seller **Make a Living Writing** Richard Fire,2024-01-03 When I was a child when I told my parents that I wanted to be a writer they told me that it was very difficult as difficult as being a soccer player I don t deny it and that the best thing would be to have a job for example recurrent example as a teacher and in addition to write in my free time How Is it impossible to live only by writing LIE For a while I believed it until they started to offer me money for my writings and I began to meet other people who while still students had also found ways to obtain very juicy incomes from writing It is possible to make a living from writing experience has taught me that and here I share how So that all those who like me when I was a kid want to do it can learn from my experience You don t need to have a boring job that you hate If you are really interested in the art of arranging spaces and letters there are millions of people willing to take advantage of your talent it has a huge value in the market If you notice there are so many subjects that must be written down mails formal requests announcements news biographies manuals instructions catalogs Even a good restaurant menu must include a few sentences about each dish and drink On the other hand there are very few people who know how to write clearly making

themselves understood economizing space and making an impact There is an opportunity for writers who take their profession seriously and make the most of their own creativity It is difficult because we have been educated to obey to write or do what we are told and as we see in this book if you want to make a living from writing you should not limit yourself to writing for others In this book I show you the way to polish your lines until they come in like the sea breeze giving life I write finally the book that I would like to have read It is not the first book that exists on this subject so I will spare you content that you can find by searching Google and Amazon Here I show you what has helped me my trajectory I warn sailors making a living from writing requires discipline and passion Discipline self discipline in case you are independent can be improved Not passion if you don't like writing if you don't do it out of the need to express yourself and to create it is very difficult for you to dedicate enough hours to it to make it a source of income powerful enough to give you the life you want I'm not going to dwell too much on this regarding self discipline there are mountains of books on habits and routines that can help you In short you need to write practically every day at least every week at least for a few years give yourself five years as an outlook in which with a lot of effort you can get to write better than most If you dream of being known for your literary work even if you use pseudonyms you can always reveal your identity to whomever you wish or make a living from helping to solve problems if your preferred genre is essays this book is for you You are probably here because you have lacked something to be able to dedicate yourself 100% to words or perhaps you already do but you want to improve Come on *Yes, I Am A Vampire* Stephen Kozeniewski, 2024-07-27 The Collected Short Fiction and Autobiography of Stephen Kozeniewski 2013 2016 Despite all the evidence to the contrary I swear I am not a vampire Cross my heart and eh nevermind Just trust me there are no vampires within these pages Plenty of zombies though One of the short stories in this book features a zombie caveman for instance And another is called Exploding Shit Zombies You can probably guess what that one's about Not every story is zombie themed of course I've also got a monster under the bed piece that's pretty fucking scary And in another a bunch of little alien goblins take over a farmstead This isn't just a short story collection either Half of it's my autobiography I guarantee you've never seen those two styles mashed together before I also guarantee you've never seen any fucking vampires before Not here Not anywhere So let's just drop it What do you mean bloodstains all over the book Don't worry about those Just wipe the gore off your fingers and dive in to *Yes I Am A Vampire* **The Oxford Illustrated History of the Book** James Raven, 2020 In 14 original essays this book reveals the history of books in all their various forms from the ancient world to the digital present What We Talk About When We Talk About Books Leah Price, 2019-08-20 Reports of the death of reading are greatly exaggerated Do you worry that you've lost patience for anything longer than a tweet If so you're not alone Digital age pundits warn that as our appetite for books dwindles so too do the virtues in which printed bound objects once trained us the willpower to focus on a sustained argument the curiosity to look beyond the day's news the willingness to be alone The shelves of the world's great libraries though tell a more complicated story Examining the wear

and tear on the books that they contain English professor Leah Price finds scant evidence that a golden age of reading ever existed From the dawn of mass literacy to the invention of the paperback most readers already skimmed and multitasked Print era doctors even forbade the very same silent absorption now recommended as a cure for electronic addictions The evidence that books are dying proves even scarcer In encounters with librarians booksellers and activists who are reinventing old ways of reading Price offers fresh hope to bibliophiles and literature lovers alike Winner of the Phi Beta Kappa Christian Gauss Award 2020 **The Frankfurt Kabuff Critical Edition** Beth Driscoll, Claire Squires, 2023-09-26
