Winners and Losers Don Schmincke, 2023-09-29 Struggling to be an entrepreneur Forget what you know Success is not about how to win It s about how to lose With thousands of books and courses on entrepreneurship why aren t there more successful entrepreneurs The

answer is simple we have been teaching it all wrong In *Winners and Losers* award winning speaker Don Schmincke uses research from his many anthropological expeditions across the world scientific data and his experience training over thirty thousand CEOs to uncover the truth Instead of looking at what successful entrepreneurs did right Schmincke looks at what happened before their successes What he found was that their paths were littered with mistakes misguided assumptions and major losses Could the key to their successful entrepreneurship actually lie in their failures Unlike entrepreneurship books that focus on how to win Schmincke deviates from the status quo and reveals that the real secret is in how to lose powerfully True success arises from the inevitable losses that come with risky ventures With a straightforward humorous and often politically incorrect approach *Winners and Losers* offers anyone with entrepreneurial dreams unique management methods and scientific models to help build a framework for success Moments of despair birth real entrepreneurship It s time to embrace the loss

Copyright and Anonymity in the Creative User-Generated World Rachel Maguire,2025-05-01 This book explores the relationship between copyright law online anonymity and creative user generated content CUGC Presenting original empirical findings the book evaluates the co existence of copyright law and normative systems regulating a CUGC landscape made up of artists photographers and writers and makes novel recommendations for copyright reform It takes a multi jurisdictional approach across Anglo American and EU legal systems using the UK USA and Germany as representative jurisdictions for legal analysis Qualitative findings are drawn from creators and communities on Reddit and 4chan Copyright subsists in much CUGC but pervasive anonymity makes it difficult for the law to regulate it effectively Simultaneously anonymity offers creative benefits in a way that highlights flaws in traditional justifications of copyright Comparisons between community norms and copyright law identify practical differences but also fundamental compatibilities in terms of ownership expectations However the simultaneous existence of legal and normative enforcement mechanisms complicates matters for creators and potential users with negative implications for creativity and copyright law While existing reform efforts have made suggestions to create a UGC exception these overlook and undermine the role of CUGC creators as copyright holders This can be addressed through the consideration of a framework of supplementary CUGC guidelines when developing such reforms This valuable resource for researchers and students provides a distinct perspective in framing CUGC creators as copyright holders examining online anonymity as a pivotal factor influencing regulation

Mixed-Race Superheroes Sika A. Dagbovie-Mullins, Eric L. Berlatsky, 2021-04-16 American culture has long represented mixed race identity in paradoxical terms On the one hand it has been associated with weakness abnormality impurity transgression shame and various pathologies however it can also connote genetic superiority exceptional beauty and special potentiality This ambivalence has found its way into superhero media which runs the gamut from Ant Man and the Wasp s tragic mulatta villain Ghost to the cinematic depiction of Aquaman as a heroic half breed The essays in this collection contend with the multitude of ways that racial mixedness has been presented in superhero comics films television and literature They explore

how superhero media positions mixed race characters within a genre that has historically privileged racial purity and propagated images of white supremacy The book considers such iconic heroes as Superman Spider Man and The Hulk alongside such lesser studied characters as Valkyrie Dr Fate and Steven Universe Examining both literal and symbolic representations of racial mixing this study interrogates how we might challenge and rewrite stereotypical narratives about mixed race identity both in superhero media and beyond

The Decade in Tory Russell Jones, 2022-10-27 In 2020 the United Kingdom reached a bewildering milestone ten successive years of Conservative rule In that decade there were three prime ministers each in turn described as the worst leader we ever had ministerial resignations by the hundred and an unrelenting stream of ineffectual divisive bum slurry oozing from 10 Downing Street *The Decade in Tory* is an inglorious rollicking and entirely true account of ten years of demonstrable lies relentless incompetence epic waste serial corruption official police investigations anti democratic practices abuse of power dereliction of duty and hundreds of thousands of avoidable deaths With his signature scathing wit Russell Jones breaks down the government's interminable failures year by year covering everything from David Cameron's pledge to tackle inequality which reduced UK life expectancy for the first time since 1841 through the bewildering storm of lies and betrayals that led to Brexit devastating education cuts serial mismanagement of the NHS and Boris Johnson's calamitous response to the Covid 19 pandemic It will leave you gasping and wondering can things possibly get any worse
