Domestic Slavery in Syria and Egypt, 1200-1500 Jan Hinrich Hagedorn, 2019-12-09 Slavery touched many aspects of Mamluk society This volume focuses on the role of slaves within the family from birth to purchase liberation and death It investigates domestic slavery in Syrian and Egyptian society from the thirteenth to the fifteenth century Jan Hagedorn focuses on the agency of slaves in the context of master slave relationships within households and in wider society He argues that the ability of slaves to shape the world around them was underpinned by a constant process of negotiation within the master slave relationship and that intermediaries such as the court system channelled the agency of slaves The principal sources for this

The history of the Black Sea as a source of Mediterranean slaves stretches from ancient Greek colonies to human trafficking networks in the present day At its height during the fourteenth and early fifteenth centuries the Black Sea slave trade was not the sole source of Mediterranean slaves Genoese Venetian and Egyptian merchants bought captives taken in conflicts throughout the region from North Africa sub Saharan Africa the Balkans and the Aegean Sea Yet the trade in Black Sea slaves provided merchants with profit and prestige states with military recruits tax revenue and diplomatic influence and households with the service of women men and children Even though Genoa Venice and the Mamluk sultanate of Egypt and Greater Syria were the three most important strands in the web of the Black Sea slave trade they have rarely been studied together Examining Latin and Arabic sources in tandem Hannah Barker shows that Christian and Muslim inhabitants of the Mediterranean shared a set of assumptions and practices that amounted to a common culture of slavery Indeed the Genoese Venetian and Mamluk slave trades were thoroughly entangled with wide ranging effects Genoese and Venetian disruption of the Mamluk trade led to reprisals against Italian merchants living in Mamluk cities while their participation in the trade led to scathing criticism by supporters of the crusade movement who demanded commercial powers use their leverage to weaken the force of Islam Reading notarial registers tax records law merchants accounts travelers tales and letters sermons slave buying manuals and literary works as well as treaties governing the slave trade and crusade propaganda Barker gives a rich picture of the context in which merchants traded and enslaved people met their fate
