Slave Soldiers And Islam The Genesis Of A Military System:

Slave Soldiers and Islam Daniel Pipes, 1981 Slave Soldiers and Islam Daniel Pipes, 1981 De islamiske religiøse idealer medførte at muslimerne ikke gerne engagerede sig i krig eller regeringsanliggender hvorfor de gennem tiderne systematisk skaffede sig udenlandske slaver som blev uddannet og anvendt som professionelle soldater første gang omkring 815-820 f.eks. er det berømte tyrkiske janitscharkorps der bestod af osmanniske elitesoldater skabt i det sene 1300-tal af kristne krigsfanger **West African Soldiers in Britain's Colonial Army (1860-1960)** Timothy Stapleton, 2022 *West African Soldiers in Britain's Colonial Army 1860-1960* explores the history of Britain's West African colonial army based in Nigeria, Ghana, Sierra Leone and the Gambia placing it within a broader social context and emphasizing as far as possible the experience of the ordinary soldier. The aim is not to describe the many battles and campaigns fought by this force but to look at the development of the West African colonial army as an institution over the course of about a century. In pursuing this goal it is sometimes useful to employ the lens of military culture defined differently by scholars but essentially meaning a set of shared ideas and behaviors that inform daily life in the military. While other locally recruited colonial militaries in Africa have attracted considerable attention from historians as they served as an essential pillar supporting European rule, this book represents the first comprehensive scholarly study of Britain's West African army which was the largest such British-led force south of the Sahara. The study is based on extensive archival research conducted in nine archives located in five countries.

Slavery in the History of Muslim Black Africa Humphrey J. Fisher, 2001 Fisher's account explains how slaves came to serve as currency, goods, eunuchs, soldiers and in some cases as statesmen. **Slavery and the Jews of Medieval Egypt** Craig Perry, 2026-01-20 A new global history of the slave trade, the lives of enslaved people and the role of slavery in the formation of Jewish and Arab Islamic culture in the medieval Middle East. In this book, Craig Perry mines a remarkable cache of fragmentary documents preserved in an Egyptian synagogue to write a new history of slavery and the slave trade in the medieval Middle East. These documents, which range from the everyday correspondence of traveling merchants to legal queries sent to Jewish jurists, provide the richest surviving archive for the social history of slavery during the centuries when Cairo was an imperial and commercial capital at the intersection of the Mediterranean and Indian Ocean worlds. Perry draws on this archive, known as the Cairo Geniza, to shed new light on such crucial topics as the slave trade in state diplomacy, the entanglements of gender and household slavery and the lives of the enslaved. Perry chronicles a protean slave trade that trafficked enslaved people from Europe, Africa and India to the Egyptian market. His account cuts across different scales of analysis from the macro level of imperial rule to the micro level of the family kitchen. Along the way, he upends the traditional story of Passover: medieval Jews, he writes, could explain slavery to their children by pointing to the enslaved people who served the holiday meal. When freed, some former slaves converted to Judaism and became the parents of Jewish children. Perry's narrative reveals a world long hidden from historians in which enslaved people made their way through the alleys of

Cairo toiled in the workshops of apothecaries and found ways to evade the surveillance of their owners With this book Perry writes enslaved people into the social and economic life of medieval Islamic society Turks and Khazars Peter B.
