

**I love girl math. If I want to
buy a sweater that's \$100 but
it's 50% off and I buy it. That
means I SAVED \$50 and then
if I buy a top that's \$60. I
have ONLY spent \$10 which
means I actually saved
money**

Prospect ,2009 *Questioning Technology with Jacques Ellul* David W. Gill,Lisa Richmond,2025-10-07 Twenty first century technology is an ever expanding powerful force in virtually every aspect of human life and every corner of the globe So much of modern technology has resulted in positive improvements in communication work health and other domains Technology s promises and possibilities for the future are often glowing But it is one thing for technology to function as a tool serving human purpose and flourishing and quite another for it to be granted the position of unquestioned master All technologies deserve to be questioned What are their costs trade offs and potential or real negative impact And how do we create limits and controls for technological invasion when these would be wise and necessary *Questioning Technology with Jacques Ellul* addresses these questions in both the big picture and in their relevance to specific arenas such as art politics work and religion with voices from not just the academy but also the workplace and society

Bowling Alone: Revised and Updated Robert D. Putnam,2020-10-13 The basis for the documentary Join or Die now streaming on Netflix Updated to include a new chapter about the influence of social media and the Internet the 20th anniversary edition of Bowling Alone remains a seminal work of social analysis and its examination of what happened to our sense of community remains more relevant than ever in today s fractured America Twenty years ago Robert D Putnam made a seemingly simple observation once we bowled in leagues usually after work but no longer This seemingly small phenomenon symbolized a significant social change that became the basis of the acclaimed bestseller Bowling Alone which The Washington Post called a very important book and Putnam the de Tocqueville of our generation Bowling Alone surveyed in detail Americans changing behavior over the decades showing how we had become increasingly disconnected from family

friends neighbors and social structures whether it s with the PTA church clubs political parties or bowling leagues In the revised edition of his classic work Putnam shows how our shrinking access to the social capital that is the reward of communal activity and community sharing still poses a serious threat to our civic and personal health and how these consequences have a new resonance for our divided country today He includes critical new material on the pervasive influence of social media and the internet which has introduced previously unthinkable opportunities for social connection as well as unprecedented levels of alienation and isolation At the time of its publication Putnam s then groundbreaking work showed how social bonds are the most powerful predictor of life satisfaction and how the loss of social capital is felt in critical ways acting as a strong predictor of crime rates and other measures of neighborhood quality of life and affecting our health in other ways While the ways in which we connect or become disconnected have changed over the decades his central argument remains as powerful and urgent as ever mending our frayed social capital is key to preserving the very fabric of our society **The Advocate** ,2005-01-18 The Advocate is a lesbian gay bisexual transgender LGBT monthly newsmagazine Established in 1967 it is the oldest continuing LGBT publication in the United States **PC Mag** ,2004-06-08 PCMag com is a leading authority on technology delivering Labs based independent reviews of the latest products and services Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology

Languishing Corey Keyes,2025-02-18 With his pioneering research Corey Keyes put languishing on the map In this powerful book he brings it to life Get ready to rethink your understanding of mental health update your views on happiness and come closer to realizing your potential Adam Grant 1 New York Times bestselling author of Hidden Potential If you re muddling through the day in a fog often forgetting why you walked into a room If you feel emotionally flattened lacking the energy to socialize or feel joy in the small things If you feel an inner void like something is missing but you aren t sure what Then this book is for you Languishing the state of mental weariness that erodes our self esteem motivation and sense of meaning can be easy to brush off as the new normal especially since indifference is one of its symptoms It is not a synonym for depression and its attendant state of prolonged sadness Languishers are more likely to feel out of control of their lives uncertain about what they want from the future and paralyzed when faced with decisions Left unchecked languishing not only impedes our daily functioning but is a gateway to serious mental illness and early mortality Emory University sociologist Corey Keyes has spent his career studying the causes and costs of languishing the neglected middle child of mental health Now Keyes has written the first definitive book on the subject examining the ripple effect of languishing on our lives before deftly diagnosing the larger forces behind its rise the false promises of the self help industrial complex a global moment of intense fear and loss and a failing healthcare system focused on treating rather than preventing illness Ultimately Keyes presents a counterintuitive approach to breaking the cycles keeping us stuck and finding a path to true flourishing Unlike self improvement systems offering quick fix mood boosts his framework focuses on functioning well taking simple but powerful

steps to hold our emotions loosely becoming more accepting of ourselves and others and carving out daily moments for the activities that create cycles of meaning connection and personal growth Languishing is a must read for anyone tempted to downplay feelings of demotivation and emptiness as they struggle to haul themselves through the day and for those eager to build a higher tolerance for adversity and the pressures of modern life We can expand our vocabulary for describing our inner experiences and deepest needs and with it our potential to flourish
