 eBooks **Dear Incomprehension** Stéphane Vanderhaeghe, 2024-03-12 This book tackles a broad swath of contemporary
 literature currently labeled speculative fiction A blurring of genres that includes science fiction modern fairy tales and avant
 garde experimental fiction these works are extremely popular but also derive from highly sophisticated philosophical and
 aesthetic sensibilities ones that call into question and uproot the very foundations of stories and storytelling Because such
 fictions subvert most conventional narrative devices plot recognizable characters verisimilitude logic legibility they
 deliberately confound almost any kind of conventional reading and criticism To do such a literature justice the traditional
 frameworks of literary criticism fail and Dear Incomprehension is more of an extended philosophical essay than it is a
 traditional work of criticism as oblique and unconventional in its voice tone and methods as the texts it illuminates *Bound
