but what you and your students parents really need are specifics about the quality of the curriculum the effectiveness of the
instruction and the school s overall capacity to support mathematics learning The Mathematics Program Improvement
Review MPIR is a proven evaluation process focused on standards for high quality mathematics programs in grades K 12
Based on research into effective program evaluation methods the MPIR approach uses multiple data sources to clarify exactly
what is working within an individual school s math program and what is not Author and MPIR developer Ron Pelfrey has used
this process to evaluate mathematics programs in more than 300 rural urban and suburban schools and has trained hundreds
of educators to conduct reviews Now this handbook makes the MPIR process and its benefits available to everyone Inside you
ll find guidelines for training review team members and all the materials needed to conduct a review including Lists of
standards and indicators for the 10 essential components of an effective mathematics program Templates for questionnaires
interviews and classroom observations Detailed evaluation rubrics Forms for compiling ratings and generating a final report
Whether used as a basis for informal faculty or departmental discussion to promote best practices in a particular area such
