Stepbrother Alpha Baby (Book 1) Wanda Edmond, 2015-08-14 Sam and Rose have been part of the same family since their parents married twelve years ago. Now they are all grown up and facing new difficulties in their lives. Sam has to run the family business all alone as his father retires while Rose just broke up with her boyfriend of five years and ran back home together with her one year old baby. Rose claims that the baby's father is her ex-boyfriend while actually she is the child of Sam. Two years ago they had spent a drunken night together with the result of Rose getting married. She never told Sam or anyone else the truth and decided to raise the baby alone. If she had to, back home she is forced to live together with her arrogant stepbrother whom she never really liked but is strongly attracted to. The man on the other hand is more than happy to tease her to the point of entering her bathroom while she is in the shower or forcing her to accompany him to Europe. At some point Rose realizes that the attraction between them never really died and tries to fight it. Sam however makes the best of it and is always there to remind Rose of her confusing feelings. At the end of the trip she tells him that Jane is his daughter.

Prince Albert has a Prince Albert piercing. That's right, he's pierced you know where. Allegedly I've never seen it. My mother is marrying a king. Being a princess is every girl's fantasy, right?
