

'7 Steps To Improve English Grammar'

1

Get a reliable source:

The first thing you need is a reliable source that you can trust. This source can be a book, a teacher, a website or a YouTube channel. But it is always better to have a teacher or book as your reliable primary source.

Begin from the beginning and focus on the basics:

Go slow and step-by-step. Start with fundamentals. This way, you will not be overwhelmed as you will have small chunks to complete.

2

3

Use apps, forums and online communities:

There are many apps, forums and communities that you can join to practise what you have learned and to seek answers to your questions.

©Copyright Egrammar

Punctuation matters:

Punctuations are as crucial as any other grammatical unit. They can make or break the meaning of a sentence.

4

Copyright Egrammar

5

Practice and Test yourself:

What you learn, try to implement it and practise. Make sentences similar to those you read as examples and verify yourself on the internet using grammar checker tools. You can take grammar exercises available on the internet.

Understand the Context:

Grammar depends on the scenario in which a sentence is said. Therefore, understanding the circumstances under which specific grammar rules apply will help you to remember them better.

6

7

Simultaneous implementation in Spoken:

Whatever you learn, try to use that while speaking. This way, you will be mindful about the grammar for a more extended period and better retain what you have learned.
