

The background of the cover is a textured, orange-brown color. It features faint, stylized line drawings of classical figures. On the left, a profile of a bearded man's head is visible. On the right, a profile of a woman's head is shown. In the lower center, there is a drawing of a hand holding a long, thin object, possibly a sword or a scroll. The overall style is reminiscent of ancient Greek or Roman art.

The Oxford Companion to Classical Literature M.C. Howatson, 2013-08-22 This companion not only presents all the essential facts about the authors tales and characters from ancient literature and myth but places these details in the wider contexts of the history and society of the Greek and Roman worlds *Rome, Polybius, and the East* Peter Derow, 2015 This volume offers a collection of seventeen of the more important papers written by the late Peter Derow during the course of his career With a detailed introduction by the editors it is essential reading for anyone interested in Roman imperialism or Polybius and Rome s rise to Mediterranean power

Currencies and Cultures Noel Mark Noël, 2019-02-18 Why cultures are different can be examined through the multifaceted lens of their currencies their economic policies and the very foundations of how money works Anyone who has traveled abroad immediately senses the cultural differences even before learning about the language politics or history of the people The tourist is promptly faced with strangely priced goods and services an unknown currency of dubious value and an alien system of payment trade and exchange An investigation into the

origins and evolution of money explains much about the behavior of people and their culture The collection of coins and money often begins with an inquiry into the history of a currency and other payment media used to resolve debts and exchange goods Coin collecting can lead to a compelling interest in the study of cultural differences as numismatists have come to appreciate the semantic connection between numisma coinage and nomos customs with nonos laws Those interested in economics and business would find through the study of numismatics a wealth of information the equivalent of a life long education not only in the study of coins and currencies but also about people and their history Culture is defined by the values norms and beliefs shared among its members and supported by its cultural institutions A symbiotic relationship exists between a currency and its culture and society The extent to which cultural institutions encourage and reinforce their economic foundations indicates the degree of a culture s success or failure This book offers insights into how cultural institutions can strengthen their citizens values and beliefs with that of their currency and enhance the process of trade and exchange for the betterment and prosperity of its people The Latin phrase cui bono translates into to whose profit or advantage Currencies and Cultures reexamines and challenges our current understanding of economic history and provides insights into human behavior by following the money

The Oxford Handbook of Animals in Classical Thought and Life Gordon Lindsay Campbell,2014 The Oxford Handbook of Animals in Classical Thought and Life is the first comprehensive guide to animals in the ancient world encompassing all aspects of the topic by featuring authoritative chapters on 33 topics by leading scholars in their fields As well as an introduction to and a survey of each topic it provides guidance on further reading for those who wish to study a particular area in greater depth Both the realities and the more theoretical aspects of the treatment of animals in ancient times are covered in chapters which explore the domestication of animals animal husbandry animals as pets Aesop s Fables and animals in classical art and comedy all of which closely examine the nature of human animal interaction More abstract and philosophical topics are also addressed including animal communication early ideas on the origin of species and philosophical vegetarianism and the notion of animal rights **The Oxford Companion to Classical Literature** Sir Paul Harvey,1959 [The Oxford Companion to Archaeology](#) Neil Asher Silberman,Alexander A.
