The Parallax View Slavoj Žižek, 2009-02-13 In i ek s long awaited magnum opus he theorizes the parallax gap in the ontological the scientific and the political and rehabilitates dialectical materialism The Parallax View is Slavoj i ek s most substantial theoretical work to appear in many years i ek himself describes it as his magnum opus Parallax can be defined as the apparent displacement of an object caused by a change in observational position i ek is interested in the parallax gap separating two points between which no synthesis or mediation is possible linked by an impossible short circuit of levels that can never meet From this consideration of parallax i ek begins a rehabilitation of dialectical materialism Modes of parallax can be seen in different domains of today s theory from the wave particle duality in quantum physics to the parallax of the unconscious in Freudian psychoanalysis between interpretations of the formation of the unconscious and theories of drives In The Parallax View i ek with his usual astonishing erudition focuses on three main modes of parallax the ontological difference the ultimate parallax that conditions our very access to reality the scientific parallax the irreducible gap between the phenomenal experience of reality and its scientific explanation which reaches its apogee in today s brain sciences according to which nobody is home in the skull just stacks of brain meat a condition i ek calls the unbearable lightness of being no one and the political parallax the social antagonism that allows for no common ground Between his discussions of these three modes i ek offers interludes that deal with more specific topics including an ethical act in a novel by Henry James and anti anti-Semitism The Parallax View not only expands i ek s Lacanian Hegelian approach to new domains notably cognitive brain sciences but also provides the systematic exposition of the conceptual framework that underlies his entire work Philosophical and theological analysis detailed readings of literature cinema and music coexist with lively anecdotes and obscene jokes

Swoboda, 2012-04-13 Christianity is messy Unanswered prayers Painful choices Unresolved regrets We're called to have faith and yet we doubt We try to be perfect but we fall short This is the chaos It's all around us There's no limit to it And there's no quick fix for it Both annoyingly honest and refreshingly humorous *Messy* reassures Christians that God can reveal Himself in their clutter Author and pastor A J Swoboda offers biblical insight and vivid personal stories to redefine faith from something that must be perfect to something that is imperfect but can still give beauty meaning and purpose to a messy life As entertaining as it is challenging this book teaches Christians what it means to trust in each other in grace in hope and in a Savior who defied the rules of death Here's to finding joy in your chaos

How Slavoj Became Žižek Eliran Bar-El, 2025-05-06 An engrossing account of the meteoric rise of contemporary philosophy's most contentious and prolific intellectual This revised edition corrects several erroneous and insufficient references in the first edition of this book Slovenian philosopher bad boy Slavoj i ek is one of the most famous intellectuals of our time publishing at a breakneck speed and lecturing around the world With his unmistakable speaking style and set of mannerisms that have made him ripe material for internet humor and meme culture he is recognizable to a wide spectrum of fans and detractors But how did an intellectual from a small Eastern European country come to such popular notoriety In *How Slavoj Became* i ek sociologist Eliran Bar-El plumbs the emergence popularization and development of the phenomenon called i ek Beginning with i ek's early years as a thinker and political figure in Slovenian civil society Bar-El traces i ek's rise from Marxist philosopher to political candidate to eventual intellectual celebrity as i ek perfected his unique performative style and a rhetorical arsenal of Hegelian-Lacanian Following 9/11 i ek's career as a global op-ed writer and TV commentator married his rhetoric with global events such as the war on terror the financial crisis of 2008 and the Arab Spring of 2011 Yet at the same time this mainstream popularity as well as a series of politically incorrect views almost entirely estranged the Slovenian from the normal workings of academia Ultimately this account shows how i ek has harnessed the power of the digital era in his own self-fashioning as a public intellectual

Corral Gambirazzio,2009 **The Question of Theological Truth** ,2012-01-01 In today s world the boundaries within which Christian theologians operate are becoming ever more permeable and Christian theology is increasingly influenced and challenged by multiple outside factors In Western Europe two such factors stand out in particular the so called turn to religion in continental philosophy and religious diversity Theologians working with contemporary continental philosophers and theologians engaging the multireligious world tend to work quite separately from one another The aim of the present book is therefore to initiate a conversation between these two groups of theologians The question of truth was chosen because it is both a key issue in contemporary philosophical debates in the continental and analytic traditions and one that arises in complex and problematic ways in the praxis of and theoretical reflection on interreligious dialogue Some of the pressing questions that are addressed by the contributors to this volume are What is truth What is theological truth How does the issue of truth arise from interreligious encounter To what extent can or should the nature of truth be discussed explicitly during interreligious dialogue Or should the question of truth be rather postponed in the interest of successful interreligious encounter Is there a hermeneutical concept of truth and if so how can it be of help for theological reflection on the question of truth and on the role and place of truth in the context of dialogue between religions The Book Review Digest ,2006 Recasting Anthropological Knowledge Jeanette Edwards,Maja Petrović-Šteger,2011-09-01 This collection of original essays provides an innovative and multifaceted reflection on the impact and inspiration of the scholarship of eminent anthropologist Marilyn Strathern A distinguished team of international contributors all former students of Strathern reflect on the impact of their relationship with their teacher and address the wider conceptual contribution of her work through their own writings The essays provide an accessible entry into Strathern s scholarship for those new to her work and a rich source of material which mobilises and deploys her concepts including new ethnographic examples and discussion of contemporary political issues for those more familiar with her scholarship The result is a collection that dissects contextualises and reroutes concepts of relationality inspiration and knowledge in novel and unpredictable ways Recasting Anthropological Knowledge will prove invaluable to all students of anthropology and will be of interest to scholars across the social sciences **Christians, Muslims, and Jesus** Mona Siddiqui,2013-05-20 Analyzing selected works by major Christian and Muslim theologians during the formative medieval and modern periods of both religions this thought provoking volume explores the centrality of Jesus in Christian Muslim relations
