

A conceptual painting featuring two winged figures, possibly angels or demons, embracing on a dark, gnarled branch. The figure on the left is rendered in shades of blue and white, with large, feathered wings extending upwards and outwards. The figure on the right is rendered in vibrant red and white, also with large, feathered wings. The background is a soft, light blue and white wash, suggesting a sky or a misty atmosphere. The overall style is painterly and expressive, with visible brushstrokes and a focus on color contrast.

The Other Side The Other Side:

The Other Side Martin Lahiff, 2013-07 Some forty scholarly works written by historians on both sides of the Border form the basis for this non scholarly attempt to provide a short simple story of events between the Spanish conquest of Mexico five centuries ago and Mexico's dominance of itself since its independence of two hundred years. Better analysis of events here described in a factually chronologic way can be found in the writer's historical sources. A reader knowing little of Mexico's history can get a good start with this writer's try to show what the large and beautiful land to the south has met and overcome on the way to what it has and what it will become.

The Otherside Brandon Taylor Erics, 2014-01-15 Validation equals survival. This one point summarizes what this book is about. It is an attempt to put into context the struggle that has occurred within and outside of the gay community for equality, justice and substantiation. This book will seek to paint a picture of homo sexism through various institutions in this country that shape societal views and perceptions. I define homo sexism as discriminatory or abusive behavior towards members of the homosexual orientation including from within the gay community. No where have I seen this term used or defined. Why not? Homo sexism exists and I believe because it has not been defined. It will continue to exist. Have we jumped defining basic terms in light of more dramatic terms such as hate crimes or homophobia? Homo sexism is not the same as homophobia. Homophobia describes a fear against same sex preferences that can lead to homo sexism and ultimately hate crimes. There is a process. It is appropriately used to legally and culturally define the use of one's gender against the individual or group but does not include homosexuality. It is because there is so much passion several issues exude at once. Because of this multiple exudation this project began out of frustration and utter invalidation. How is that for a motivation? Many friends and students have directly or indirectly encouraged me to go forward with my ideas. This book examines the struggles one gay man has in his life and uncovers the truth it holds as he combats love, disease and society.

The Other Side of the World Mary Jo Clark, Thomas Corbett, Haywood Turrentine, 2011-07 The Other Side of the World Vision and Reality embraces and celebrates the experiences of idealistic young Peace Corps volunteers as they confronted the ancient and enigmatic civilization of India four decades ago. Prompted by memories and emotions tapped during a gathering on the 40 year reunion of their return to the States, members of India 44 A B provide reflections that are honest, compelling, insightful, riotous, humbling and yet redemptive. These reflections give expression to feelings long repressed and at the same time uncover the mysterious ways in which their service in remote India transformed and redirected the trajectory of their lives. Their stories provide a humorous and deeply moving description of village life where imperfect language skills and limited technical capabilities interacted with good intentions and stubborn dedication to produce embarrassment on the one hand and the occasional minor miracle on the other. This is not a feel good testimony to the Peace Corps on its golden anniversary. Rather it is a sobering depiction of the lives of volunteers living in one of the Peace Corps most demanding site countries where frustrations and challenges were found in abundance. Yet at the end of the day

these stories generally attest to the wisdom of the Peace Corps concept which affirms the powers of volunteerism and the giving of self For many it was the first time these volunteers had articulated their feelings since leaving India Mary Jo Clark Thomas Corbett Michael Simonds and Haywood Turrentine compiled the book Respectively the authors reside in San Diego California Madison Wisconsin the greater Hartford area and Birmingham Alabama [http sbpra com](http://sbpra.com) HaywoodTurrentine
