Inglis, Etc James Wallis PYCROFT, 1851 **The Collected Letters of Sir George and Lady Beaumont to the Wordsworth Family, 1803-1829** Jessica Fay, 2021-04-01 Sir George Beaumont is a key figure in the history of British art As well as being a respected amateur landscape painter he was a prominent patron a collector and co founder of the National Gallery William Wordsworth described Beaumont's friendship as one of the chief blessings of his life and this edition reveals that the two men became collaborators as well as companions In addition to documenting unique perspectives on social political and cultural events of the early nineteenth century providing new contexts for reading Wordsworth's mature poetry the letters collected here chart the progress of an increasingly intimate inter familial relationship The picture that emerges is of a coterie that in influence creativity and affection rivals Wordsworth's more famous exchange with Coleridge at Nether Stowey in the 1790s The edition includes an extended study of how Wordsworth and Beaumont helped shape one another's work tracing processes of mutual artistic development that involved not only a meeting of aristocratic refinement and rural simplicity of a socialite and a lover of retirement of a painter and a poet but also an aesthetic rapprochement between neoclassical and romantic values between the impulse to idealize and the desire to particularize A History of the Old English Letter Foundries Talbot Baines Reed, 2023-10-31 In *A History of the Old English Letter Foundries* Talbot Baines Reed meticulously explores the evolution of type design and letter founding in England from its inception to the early 19th century Reed combines rigorous historical
