The Orange Fish Stories:

The Orange Fish (Fast Fiction) Carol Shields, 2011-01-28 A couple buy a print to adorn their living room but little do they know the power of their purchase Fast Fiction A selection of masterful short stories from 4th Estate short story collections and the best talent from The Sunday Times authors available to purchase as single story ebooks [The Canadian Short Story](#) Reingard M. Nischik, 2007 Beginning in the 1890s reaching its first full realization by modernist writers in the 1920s and brought to its heyday during the Canadian Renaissance starting in the 1960s the short story has become Canada's flagship genre It continues to attract the country's most accomplished and innovative writers today among them Margaret Atwood Mavis Gallant Alice Munro Carol Shields and many others Yet in contrast to the stature and popularity of the genre and the writers who partake in it surprisingly little literary criticism and theory has been devoted to the Canadian short story This collection redresses that imbalance by providing the first collection of critical interpretations of a range of thirty well known and often anthologized Canadian short stories from the genre's beginnings through the twentieth century A historical survey of the genre introduces the volume and a timeline comparing the genre's development in Canada the US and Great Britain via representative examples completes it The collection is geared both to specialists in and to students of Canadian literature For the latter it is of particular benefit that the volume provides not only a collection of interpretations but a comprehensive introduction to the history of the Canadian short story Reingard M Nischik is professor and chair of American Literature at the University of Constance Germany

The Orange Fish Carol Shields, 1990-07-27 A superb collection of short stories from the author of The Stone Diaries winner of the Governor General's Award Emerging from these twelve beautifully articulated stories are portraits of men and women whose affairs and recoveries in life take us into worlds that are both new and yet unnervingly familiar A smile of recognition and a shock of surprise await readers of these finely crafted stories From the magical orange fish itself enigmatic and without age to holiday reunions from the passions and pains of lovers and friends to the moving uncertainty of a Parisian vacation this exquisite collection is bound to delight and enchant Carol Shields fans everywhere

Fish Stories Karen Kennedy Samoranos, 2007-11-01 Unassuming Crescent County California is infested with murder incest mayhem greed and self-serving political factions artfully concealed by virtue of its charming facade It is an isolated realm of superficial religious conservatism where murky characters exploit the law and manipulate truth in the local media stubbornly embracing the Good Ol' Boy mentality in one of the most progressive regions of the United States Fish Stories Live From Saraville is the fourth novel from author and California native Karen Kennedy Samoranos and encompasses the darker fatal side of author Samoranos Saraville Series From an abusive manipulator a judge on the take a homicidal police chief and the rebirth of white supremacy to a failed high school shooting with a lethal twist Fish Stories travels down the murky backroads of humanity With its stark narrative of unrequited lust avarice political favor and damaged psyches Fish Stories endures as an evocative and candid examination of the malignant architecture of human

behavior in this fictional recount of life in northeastern California *Companion to Literature* Abby H. P. Werlock, 2009
Praise for the previous edition Booklist RBB Twenty Best Bets for Student Researchers RUSA ALA Outstanding Reference
Source useful Recommended for public libraries and undergraduates *Liminal Spaces* Alex Ramon, 2009-10-02 This book
offers a comprehensive reassessment of the work of Carol Shields Arguing against enduring conceptions of Shields's fiction
as celebratory domestic miniaturism the study presents her work as more expansive and equivocal than has sometimes been
recognised reading her texts as liminal spaces situated on a series of formal and thematic borders Close attention is paid to
Shields's stylistic experimentation to her subversions of auto biography and historiography and to the significance of her
critical writing while works which have previously received very little analysis such as her early poetry collections are also
examined Intertextual links between Shields's work and that of a range of other writers including Phillip Larkin Iris Murdoch
Alice Munro and Margaret Atwood are identified and explored and the study also draws extensively on manuscript materials
which give an insight into Shields's working methods and extend debate about her experiments with narrative perspective
and genre mixing *The Story of the Mimosa* Paul Kater, 2013-10-25 This is the story of the Mimosa a black sailing ship with
red sails that travels through space and boldly appears where no space faring black sailing ship has appeared before
regardless of the colour of its sails This is your chance to join the Mimosa Find out where it came from where it was stolen
how it roamed free and how an Italian mail man from the 1960s came on board this remarkable vessel If you love Douglas
Adams Hitchhiker's Guide to the Galaxy you're bound to enjoy the Story of the Mimosa as well Don't let the metal suit fool
you there is no paranoid android The suit and the ship belong together though and there are plenty of other hilarious
surprises *The English Short Story in Canada* Reingard M. Nischik, 2017-04-11 In 2013 the Nobel Prize for Literature was
for the first time awarded to a short story writer and to a Canadian Alice Munro The award focused international attention on
a genre that had long been thriving in Canada particularly since the 1960s This book traces the development and highlights
of the English language Canadian short story from the late 19th century up to the present The history as well as the
theoretical approaches to the genre are covered with in depth examination of exemplary stories by prominent writers such as
Margaret Atwood and Alice Munro *Teaching Mathematics Through Story* Caroline McGrath, 2014-06-27 This book
explores the exciting ways in which story can be used as a flexible resource to facilitate children's mathematical thinking It
looks at the potential relationship between story and mathematics and practically demonstrates how they can be combined to
help children connect understand and express mathematical ideas using story language This book draws on practical work
with children educators parents professional storytellers and trainee practitioners who bring theoretical ideas to life and
offer insight into their mathematical story experiences It is a must have for all those who want to make mathematics relevant
