the unspoken largely unconscious abandonment of the Feminine in ecclesial and academic settings through an economic trinity of voices a feminist with a forgiveness problem a conscious feminine theologian serving in academic and ecclesial environments unconsciously hostile to the Feminine and a preacher's wife coming to voice about the realities of congregational Christianity held redemptively in covenantal love

Fruit of decades in theological education these pages demonstrate the necessity of sacred bewilderment for deepening spiritual maturity the purposes of rage becoming holy when able to acknowledge its limitation and an unexpected freedom that arises when forgiveness finds us in faith renewed in the Body of Humanity

Current and prospective students in theology and religion seasoned pastors and willing congregations will find a compelling narrative and theological sense making of one woman's life in the Spirit disrupted so to become regrounded in a renewed and renewing trinitarianism arising out of historic Christian traditions

Summa Theologiae, Prima Pars: Volume 2, On the Holy Trinity and Creation in General, QQ 27-74 Thomas Aquinas, Thomas de Vio Cajetan, 2023-06-23

When Leo XII promulgated Aeterni Patris in 1879 he stipulated that the Leonine or official edition of the Summa should always be printed in conjunction with Cajetan's Commentary For five hundred years they were studied together Generations were trained by reading through the Summa article by article with Cajetan's commentaries in hand Early printed editions of the Summa typically included them in a Talmudic arrangement as marginal text running around each article by Aquinas This edition imitates that example Recently serious thinkers of all denominations and none have found new reasons to be interested in St Thomas His text is deceptively simple yet important issues are handled in every article sometimes below the surface Cajetan extracts these hidden issues and explains and elaborates on them with remarkable affinity to modern analytical philosophy Part of that affinity lies in the use of modal logic a tool whose importance was overlooked between the Renaissance and the twentieth century The time is ripe for an analytically inspired translation of Thomas hence this volume

Never until now has Cajetan's Commentary been put into English in its entirety William Marshner's translation is consistent with fidelity to the technical force of the original The translator's footnotes acknowledge what empirical science has made obsolete in the work of St Thomas and also make clear how much today's science would have saved Thomas useless labor This volume will for the first time make Cajetan's help available to the modern reader
