The Paradigm Shifters Overthrowing The Hegemony Of The Culture Of Darwin:

The Paradigm Shifters Suzan Mazur, 2015-09-30 Major scientists from a dozen countries present evidence that a paradigm shift is underway or has already taken place replacing neo Darwinism the standard model of evolution based on natural selection following the accumulation of random genetic mutations with a vastly richer evolutionary synthesis than previously thought possible About The Author Suzan Mazur is the author of two previous books *The Altenberg* 16 *An Expose of the Evolution Industry* and *The Origin of Life Circus A How To Make Life Extravaganza* Her reports have appeared in the *Financial Times* *The Economist* *Forbes* *Newsday* *Philadelphia Inquirer* *Archaeology* *Astrobiology* *Connoisseur* *Omni* *Huffington Post* *Progressive Review* *CounterPunch* *Scoop Media* and other publications as well as on PBS CBC and MBC She has been a guest on Charlie Rose McLaughlin and various Fox Television News programs **The Pushkin Project** David Bethea, 2023-09-26 Bethea's book conveys the story of an amazingly ambitious attempt to preserve the humanities while also saving the future of disadvantaged high school students in Chicago Highly recommended Library Journal starred review The Pushkin Project tells the story of how a Russian studies professor changes course late in his career by reeducating himself in evolutionary thought and founding a summer institute that partners with inner city high schools to implement a new set of learning strategies for underserved youth These cognitive cross training strategies involve introducing students from Hispanic and Black neighborhoods in the west and south sides of Chicago to the Russian culture and language with an emphasis on poet playwright and novelist Alexander Pushkin Through the lens of modern evolutionary thought students adopt not only a new and different language and culture but also a different sort of literary hero one whose African heritage within the majority culture speaks to them directly This inspiring and compelling story provides fascinating insights into Russia's national poet brings the sciences and humanities together and provides new directions in teaching young people from historically disadvantaged backgrounds [The Self Perceiving Universe](#) Graham Smetham, 2017-01-10 An investigation into the materialist madness of Darwinian views of evolution Further investigation of modern quantum and evolutionary developmental discoveries shows the Darwinian evolutionary worldview is incorrect and a non theistic Intelligent Design operating from the quantum level is correct This leads to the exploration of the view that the universe is a self perceiving organism employing sentient beings as its perceiving agents [Sphere of Understanding](#) Kalevi Kull, Ekaterina Velmezova, 2025-03-17 The book presents dialogues with fourteen highly influential semioticians Juri Lotman Vyacheslav Ivanov Boris Uspenskij Umberto Eco Paolo Fabbri Myrdene Anderson Winfried N th Gunther Kress Roland Posner Stuart Kauffman Jesper Hoffmeyer Terrence Deacon Paul Copley and Jaan Valsiner They have all made a remarkable impact on contemporary research in the Tartu centre of semiotics As well as these remarkable dialogues the first part of the volume features an illuminating sequence of chapters on topics including the importance of dialogues the historical roots and context of semiotics in Tartu since the 19th century plus the main principles formulated in Jakob von Uexk ll s and Juri Lotman s

works *Morality and Power* Mike Berry, 2017-08-25 Offering a compelling critique of orthodox economic analysis in the public realm Mike Berry exposes the lack of development in economic thinking in public policy since the economic crisis of 2008 Focusing on both the ethically unacceptable outcomes of recent public policy and the threat of populism and rising nationalism this book offers noteworthy suggestions for an alternative social democratic future Both students and practitioners of heterodox economics and public policy will find this a compelling insight into the ethical concerns and social impacts raised by the political ascendancy of neoliberal policies in recent decades **Biocommunication of Archaea** Guenther Witzany, 2017-09-27 Archaea represent a third domain of life with unique properties not found in the other domains Archaea actively compete for environmental resources They perceive themselves and can distinguish between self and non self They process and evaluate available information and then modify their behaviour accordingly They assess their surroundings estimate how much energy they need for particular goals and then realize the optimum variant These highly diverse competences show us that this is possible owing to signaling mediated communication processes within archaeal cells intra organismic between the same related and different archaeal species interorganismic and between archaea and nonarchaeal organisms transorganismic This is crucial in coordinating growth and development shape and dynamics Such communication must function both on the local level and between widely separated colony parts This allows archaea to coordinate appropriate response behaviors in a differentiated manner to their current developmental status and physiological influences This book will orientate further investigations on how archaeal ecosphere inhabitants communicate with each other to coordinate their behavioral patterns and what's the role of viruses in this highly dynamic interactional networks
