

Digital Stranger Danger

People you only know online are strangers, and everyone on the internet is who they say they are, so it's important to be careful when talking to people online.

Beware of Strangers

Any person online who you have not met in real life is a stranger.

Some strangers use the internet to gain the trust of children and take advantage of them. This is called grooming.

Change their location to pretend to be from your school or area.

Use a fake name or username to appear to share your interests.

Use a fake age to seem like a child you could be friends with.

Use avatars (images or characters that represent online users) to hide who they really are.

Pretend to be interested in the same things as you by asking questions about your interests or hobbies.

Live Streaming

Live streaming is when live or movie people have live video conversations on social media or online streaming sites. Live streaming can be dangerous because strangers may target sites such as Snapchat, Facebook Live, Amazon and Twitch, to groom or abuse children.

Staying Safe Online

To stay safe online, make sure you:

- 1. Always keep your account private and use a strong password.
- 2. Never tell a stranger or live streamer who you are or where you live.
- 3. Never share photos or videos with strangers.
- 4. Never meet with anyone you've met online without a parent or guardian.

If a stranger has contacted you unexpectedly, tell a trusted adult. If you feel in danger please tell your parent and report to the police.
