

## **Pain. Life Happiness. The End**

Pain continuously runs through my veins,  
Yet i continuously smile through this  
continuously laugh for others comfort,  
for others enjoyment while I suffer.  
And yet, it seems after awhile,  
That when I laugh and when I smile.  
it eases the pain i feel inside.  
Its like a drug and soon i am addicted.  
It then becomes so hard to kick this habit

though I try my best it comes back like a rush of adrenaline.

Its like a lost true love that i have never found,  
but was close.....,  
and i threw it away for lust, popularity and 'frenz',  
a move which has plagued me,  
as it has robbed me of pieces of myself vital for my survival,  
but yet i never learn and continuously give with nothing in return,  
Only receiving what had before was slowly, softly killing me.  
trying its best to break me down mentally,  
to make me sad to make me cry, to make me go crazy or worst of all

to make me follow in footsteps leading down a self-destructive path.  
but my inner-me slows me down,  
Turning me around i guess to repair myself that i try to destroy.  
Showing me that I don't fit into this pack,  
that i don't fit in with this life or on this path  
And so I turn around and try to rebuild myself.  
But as I try it gets harder and harder  
and everyone, everything around me  
tries to hinder me, hurt me, destroy me,  
but I will not allow them.  
I will not turn around to have fun for a minute,

Then pain and suffering for a lifetime.

## **The Pleasures Of Love And Pain Of Life:**

*On Feeling, Knowing, and Valuing* Max Scheler, 1992-12 Editor Harold J Bershad provides a richly detailed biographical portrait of Scheler as well as an incisive analysis of how his work extends and integrates problems of theory and method addressed by Durkheim Weber and Parsons among others

**Lexical Concordance to the Poetical Works of Percy Bysshe Shelley** Frederick Startridge Ellis, 1892

**Woman and Love** Bernhard Adam Bauer, 1927 Some treatment of gay and lesbian issues anti for the most part but not so benighted as one might expect

**Heal Yourself** Valentin Matcas, 2016-04-20 Throughout this book you learn to maintain your health prevent illnesses heal yourself and enhance your body and mind in order to become healthier stronger more capable and full of energy and life You learn to identify approach heal and prevent dozens of distinct illnesses and related health issues as diabetes colds and flus strokes allergies autism bipolar disorder obesity cancer depression atherosclerosis social problems headaches nausea heart attacks insomnia arthritis and much more This is not mainstream medicine since it does not involve drugs chemicals or any medical intervention it is not alternative medicine even if it involves only natural healing but it is the actual manner of healing it is your own normal healing system You learn everything that you need for your proper healing good health and excellent condition through all facts about your mind and body including how they function stay healthy and how they defend themselves against all illnesses There is a difference between curing and healing Because while curing refers to the superficial treatment of your symptoms making you feel good as all drugs do healing refers to the comprehensive treatment of your illness including all main causes and resulting symptoms Because in order to heal the actual illness you have to follow the entire line of causality rendering you ill up to the main reason triggering the actual illness since that makes you sick And if you do not heal or solve it you cannot heal the entire illness you cannot recover and therefore you can never feel better With the drugs prescribed by medicine interfering with your own recovery the entire time You might have already noticed people healing themselves yet it certainly takes more than a strong determination to be successful The endeavor of healing yourself and maintaining your health continuously throughout life might seem complex yet once you master it it takes less time less stress and less effort to stay healthy and fit while you may invest the rest of your time and effort on more important matters as living your life

**The Triumph of Life, Love, and Being** Austin Patrick Torney, 2008-03-05 An Exploration of the Joys of the Human Condition and the Astounding Secrets of the Universe and the Mind Through the Life of a Loving Couple Engaged in the Ultimate Relationship Across the Centuries and into the Future Escaping from a monastery abbey that engulfed itself in the flames of ignorance such as the one in the book *The Name of the Rose* they our ever returning couple salvage a mysterious book of quatrains that guides them through the joys and follies of the human condition as they live out its words for the proof of all writing is to live it So close in thought that they need not even be named at first our couple takes a picaresque journey through the first part of the book to solve the difficulties of life as they are encountered in their travels through the forested

countryside Alive and positive it makes you want to run right out and live Includes the Book of Quatrains and the Journal  
Many grayscale illustrations Magical and Mystical      *Songs of Love and Empire* Edith Nesbit,1898      **The Human Needs**  
Valentin Matcas,2013-03-20 Everything that you do in life you do to fulfill your needs including your social demands eating  
development addictions sleeping reproduction social competition and learning While you can do so at all cognitive existential  
and social levels depending on means demands and abilities Furthermore you always follow laws in the world as you fulfill  
your needs but can you follow these simultaneously You may smile slightly here since experience is personalized and  
therefore unique throughout the world but what exactly is going on Why should you ever encounter problems as a living  
human being in a human world What are your needs and feelings exactly and what do they make you do Who sends you your  
own personal natural human needs And is everything that you know about the human needs pertinent enough to assure a  
meaningful successful fulfilling life Because everybody ends up in dreadful circumstances at times struggling with countless  
of problems it happens to you and to those around so why should you have to fail in life at least partially as a human being  
while following rules and the human needs simultaneously And since this happens to everybody can humans actually be at  
fault Because if humans themselves are considered wrong incapable or compromised in an actual human world through their  
own natural needs and feelings then what exactly do laws and authorities seek here if they do not serve humans society  
needs and fulfillment the most Because now it seems that authorities hold you responsible for everything that life sends your  
way ending up contradicting and judging life through you and punishing you dreadfully While many times it is done so on  
purpose to reach you or to take you out of the way Since everybody becomes involved when you fail and you have to be highly  
capable today to manage both life and society simultaneously And to make matters more complex you cannot find to learn  
anything on this topic but only laws codes stereotypes and irrelevant or trivial beliefs And now when you study everything  
closely you see how the human experience in this world is marked by the human needs and feelings on one side and by  
people's ignorance about the human needs and feelings on the other Throughout this book we study the comprehensive  
human existence very closely as it starts with the human needs We identify and analyze all needs feelings fulfillment behavior  
reasoning and meaning while understanding life and the wider world altogether If you seek to learn more about yourself and  
your own needs and feelings this book is for you      Day's Collacon: an Encyclopaedia of Prose Quotations ,1884      **The**  
**Religion of Love** Pafe Thomas Pafe,Thomas Pafe,2009-12 The Religion of Love is written for those who are seriously  
searching for wisdom and the path that leads to the Divine The journey is long and tedious but those who honestly search will  
find it To each soul God may appear different but it is the appearance that is unique not the reality God reveals himself or  
herself to us depending upon how eager and committed our search is Our love and the understanding of God will ultimately  
change our perception of the truth This book will guide you on your walk with God and illustrate how to find God It will also  
show you what God desires the purpose of life a practical approach to prayers how to find your path in life the secrets of the

kingdom of God as mentioned in the Bible how to become a light worker The goal of this book is to provide missing information that can awaken or revolutionize consciousness by providing information on religion that has often been limited to morality or sociality and sometimes theology And finally create an environment where religious vibes can flourish     **A Life-Centered Approach to Bioethics** Lawrence E. Johnson, 2010-12-06 Approaches bioethics on the basis of a conception of life and what is needed for the affirmation of its quality in the most encompassing sense Johnson applies this conception to discussions of controversial issues in bioethics including euthanasia abortion cloning and genetic engineering His emphasis is not on providing definitive solutions to all bioethical issues but on developing an approach to coping with them that can also help us deal with new issues as they emerge The foundation of this discussion is an extensive examination of the nature of the self and its good and of various approaches to ethics His bioethic is integrally related to his well known work on environmental philosophy The book also applies these principles on an individual level offering a user friendly discussion of how to deal with ethical slippery slopes and how and where to draw the line when dealing with difficult questions of bioethics
