Slavemasters Woman The:

The Slave Master of Trinidad Selwyn R. Cudjoe,2019-08-30 William Hardin Burnley 1780 1850 was the largest slave owner in Trinidad during the nineteenth century Born in the United States to English parents he settled on the island in 1802 and became one of its most influential citizens and a prominent agent of the British Empire A central figure among elite and moneyed transnational slave owners Burnley moved easily through the Atlantic world of the Caribbean the United States Great Britain and Europe and counted among his friends Alexis de Tocqueville British politician Joseph Hume and prime minister William Gladstone In this first full length biography of Burnley Selwyn R Cudjoe chronicles the life of Trinidad s founding father and sketches the social and cultural milieu in which he lived Reexamining the decades of transition from slavery to freedom through the lens of Burnley s life The Slave Master of Trinidad demonstrates that the legacies of slavery persisted in the new post emancipation society **Slave Women in the New World** Marietta Morrissey,2021-10-08 In this innovative study Marietta Morrissey reframes the debate over slavery in the New World by focusing on the experiences of slave women Rich in detail and rigorously comparative her work illuminates the exploitation achievements and resilience of slave women in the British Dutch French Spanish and Danish colonies in the Caribbean from 1600 through the mid 1800s Morrissey examines a wide spectrum of experience among Caribbean slave women including their work at home in the fields and as domestics their roles as wives and mothers their health sexuality and fertility and their decline in status with the advent of industrialization and the abolition of slavery Life for these women Morrissey shows was much more hazardous brutal and fragmented than it was for their counterparts in the American South These women were in a constant dynamic struggle with men both masters and fellow slaves over the foundations of their social experience This experience was defined both by their status as slaves and by gender inequality On the one hand their slave status gradually robbed them of their domain the household economy and created a kind of perverse equality in which slave women like slave men became units of agricultural labor One the other hand slave women were denied the access that slave men eventually gained to skilled agricultural work The result of this gender inequality as Morrissey convincingly demonstrates was a further erosion of the status and authority of slave women within their own culture Morrissey s study which addresses significant issues in women s history and black history will go far toward reshaping our perceptions of slave life in the new world The Dominant African-American Woman Donald Sharief I,2009-04 **Women and Capital Punishment in the United States** David V. Baker,2015-12-07 The history of the execution of women in the United States has largely been ignored and scholars have given scant attention to gender issues in capital punishment This historical analysis examines the social political and economic contexts in which the justice system has put women to death revealing a pattern of patriarchal domination and female subordination The book includes a discussion of condemned women granted executive clemency and judicial commutations an inquiry into women falsely convicted in potentially capital cases and a profile of the current female death

row population **Slave Women in Caribbean Society, 1650-1838** Barbara Bush,1990 In this text the author sets forth and then evaulates the images of slave women accumulated in published sources and folklore **Rooming in the Master's House** Molefi Kete Asante,Ronald E. Hall,2015-12-03 Rooming in the Master s House is a strikingly original portrait of the black conservative movement by two of the most celebrated African American scholars Asante and Hall show that today s black conservative movement can be traced to the original class and social distinctions created during slavery when certain Africans were given positions in the master s house and consequently felt that they were better than the Africans who worked in the fields Using historical and social sources the authors weave a narrative explaining how the house Negro syndrome continues in current discourses on the black community and in American Politics African Americans in Pennsylvania Joe Trotter,Eric Ledell Smith,2010-11-01 **Social Death and Resurrection** John Edwin Mason,2003 What was it like to be a slave in colonial South Africa What difference did freedom make John Edwin Mason presents complex answers after delving into the slaves experience within the slaveholding patriarchal household primarily during the period from1820 to 1850 **Encyclopedia of Motherhood** Andrea O'Reilly,2010-04-06 In the last decade the topic of motherhood has emerged as a distinct and established field of scholarly inquiry A cursory review of motherhood research reveals that hundreds of scholarly articles have been published on almost every motherhood theme imaginable The Encyclopedia of Motherhood is a collection of approximately 700 articles in a three volume A to Z set exploring major topics related to motherhood from geographical historical and cultural entries to anthropological and psychological contributions In human society few institutions are as important as motherhood and this unique encyclopedia captures the interdisciplinary foundation of the subject in one convenient reference The Encyclopedia is a comprehensive resource designed to provide an understanding of the complexities of motherhood for academic and public libraries and is written by academics and institutional experts in the social and behavioural sciences **Women and Slavery in Nineteenth-century Colonial Cuba** Sarah L. Franklin,2012 Scholars have long recognized the importance of gender and hierarchy in the slave societies of the New World yet gendered analysis of Cuba has lagged behind study of other regions Cuban elites recognized that creating and maintaining the Cuban slave society required a rigid social hierarchy based on race gender and legal status Given the dramatic changes that came to Cuba in the wake of the Haitian Revolution and the growth of the enslaved population the maintenance of order required a patriarchy that placed both women and slaves among the lower ranks Based on a variety of archival and printed primary sources this book examines how patriarchy functioned outside the confines of the family unit by scrutinizing the foundation on which nineteenth century Cuban patriarchy rested This book investigates how patriarchy operated in the lives of the women of Cuba from elite women to slaves Through chapters on motherhood marriage education public charity and the sale of slaves insight is gained into the role of patriarchy both as a guiding ideology and lived history in the Caribbean s longest lasting slave society Publisher s description
